submersion

1 adult, 6 foot 7in

Small footprint

Aerospace grade
stainless steel

A masterpiece of recovery technology.

Discover the Colderatti Hyperpod+ (Standard)

Commercial Ready
- Commercial-grade cooling, filtration, and UL-listed components for continuous, high-demand use.
- NSF certified filtration.
- Designed to accommodate up to 70 bathers per day while maintaining crystal clear, hygienic water.

Temperature Range: 32°F – 104°F
- Set the plunge to your ideal temp.
- Experience cold or heat therapy.
- Generates ice glaciers at 32°F.

Hyperchiller Superfast Cooling
- Cools at -17°F per hour, or 70°F to 50°F in 70 minutes.
- 4-8X faster than the latest commercial-grade systems.
- Smooth, silent, and energy-efficient.
- Use the app to adjust temperature and automate your plunge schedule.

Remote Located Chiller
- Place the chiller in a separate location from the tub and control wirelessly via smartphone.
- Remote locate up to 40 feet away, with 15 feet of vertical lift.

Upright Full Water Immersion
- Fully submerge your body with ease in the spacious vertical tub.
- The upright design engages your body's natural buoyancy to create a weightless zero-gravity experience.

Automatic Water Purification
- 4-stage commercial-grade system keeps your water clean & crystal clear using two particle filters, aeration, and a high-output ozone generator.
- Creates an oxygen-rich, bacteria resistant environment for hands-free pure water with minimal maintenance and zero chemicals.
- 24/7 continuous circulation.

Support, Service, and Financing
- 1-year warranty on frame, tub, chiller, electrical, and plumbing. 4-year extended warranty available.
- Free curbside delivery in continental U.S. White glove delivery & setup available.
- Live U.S. based technical support, 7 days a week.
- Home financing and commercial equipment lending with lowest rates available.

Specifications

Total Footprint with Chiller & Clearance	84" x 35" x 39"" (LWH)
Tub Dimensions:	31" x 31" x 39" (LWH)
Capacity: Water Capacity: Daily Bather Load:	1 adult, up to 6 foot 7 in 93 gallons 70 bathers/day
Filtration	2.5x10", 20 Micron, NSF/ANSI 50
Water Turnover Rate	12 minutes
Electrical Requirements	120V 20-amp dedicated circuit
Weight Dry/Full	150lbs/920lbs (tub) 120lbs (Hyperchiller)
Materials	Aerospace grade 304 stainless steel.
Stainless steel finish	Exterior brushed, interior electropolished.

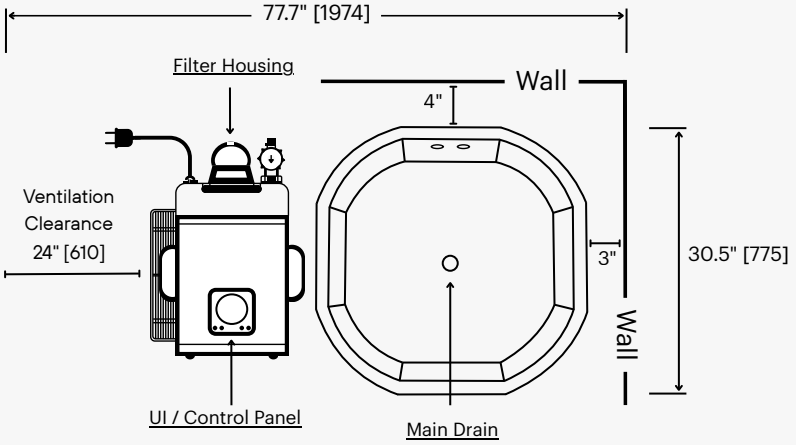

Fast and Simple Maintenance:
- Quickly change filters, drain, and refill the tub.
- No assembly required, just connect water lines and get started.

Hyperpod+

Dimensions & Location Requirements

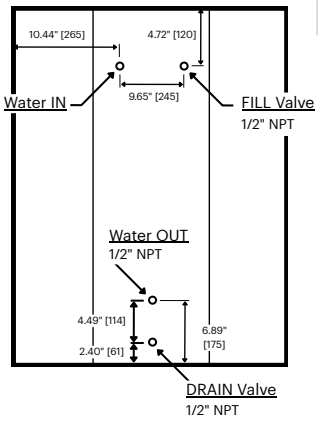

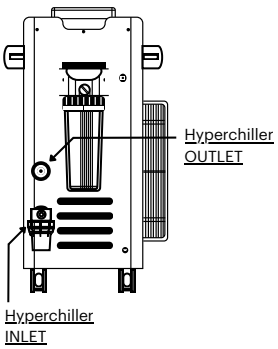

Details:

- Designed and Engineered by Colderatti in the USA.
- 100% aerospace grade 304 stainless steel.
- Commercial grade 1.5HP Hyperchiller.
- High output ozone generator.
- 120V, 20A dedicated circuit.

Hydraulic Connections:

Water OUT	→	To Hyperchiller INLET
Water IN	→	To Hyperchiller OUTLET
DRAIN	→	Optional DRAIN outlet. Allows routing to nearby floor drain or plumbing connection to sanitary septic line.
FILL	→	Optional FILL valve. Allows connection to water source.

What's included

Hyperpod Stainless Steel Plunge & Hyperchiller	**Included**
Insulated Press-Fit Cover	**Included**
Stainless Steel Step Stool	**Included**
Colderatti Care+ 1-Year Warranty	**Included**
Water Care Kit (3 months) - 3 filters, water clarifier, net.	**Add-On**
Stainless Steel Care Kit - Clean, Polish, Protect	**Add-On**
Submersible Water Pump (for easy draining)	**Add-On**
Colderatti Care+ 4-Year Extended Warranty	**Add-On**
