01/04

Product Overview

Tips:
1. Long-press hold the "CH" button for 2 seconds to turn off the Circle Ring light. Long-press hold the button for 2 seconds again to turn on.

How to use

FM Transmitter Setup

1. Tune the car radio to an unused FM frequency.

2. Plug the FM transmitter into the cigarette lighter or power port. It will be automatically powered on with the LCD displaying the vehicle's current frequency.

3. Adjust the transmitter to the same frequency on the car by pressing the "CH" button or rotating the knob left or right when the LCD displays FM frequency.

Tips for the best audio quality:
1. Find the clear frequency and minimal interference.
2. Volume control: adjust the volume of the car radio to 2/3 or 1/2, but not exceed 3/4, the phone to 2/3 or 4/5, but not to full volume.

Bluetooth Pairing

1. Power on the device, press "CH", the device will enter into Bluetooth pairing mode automatically.
2. Enable Bluetooth on the device you want to pair.
3. Search and pair with "UNIBEAR oblio" (Bluetooth name).
4. If asked, enter the pairing code "0000" or "1234".
