

Orbit Velo Duo - USER MANUAL

Orbit Velo Duo is a Bluetooth finder. It can help you locate your personal items using your phone.

(Require system: ios 14.5 above; Android 9 above)

LET'S GET STARTED

ios:

1. Press and hold your Orbit button for 3 seconds until you hear a beep.
2. Open the Find My app, tap **+**, then choose Add Other Item.
3. Tap Connect, type a name and select an emoji, then tap Continue.
4. Tap Continue to register the item to your Apple ID, then tap Finish.

Android:

1. Press and hold your Orbit button for 3 seconds until you hear a beep. Wait for the pop-up to show Orbit Velo Duo.

If miss the pop-up

2. Open Settings. To "Google". Click on "All services".
3. In the "Connected Devices & Sharing" menu, select "Devices".
4. Enable "Scan for Nearby Devices".
5. Orbit Velo Duo will appear in the list of available nearby devices.
6. Click on it and follow the on-screen instructions to complete the connection.

If the item is registered on someone else's Apple ID or Google account, they need to remove it before you add it.

BASIC FEATURES

The Orbit Velo Duo is compatible with both Apple Find My and Google Find Hub.

If your Orbit ever goes missing, you can put it in Lost Mode to display a message and contact information to anyone who might find it.

PRIVACY

The Find My network is encrypted and anonymous, so no one else, not even Apple or Orbit can view its location.

WARNING

Do not ingest battery, Chemical Burn Hazard. This product contains a coin battery. If the coin battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death. Keep new and used batteries away from children. If the battery compartment does not close securely, stop using the product and keep it away from children. If you think batteries might have been swallowed or placed inside any part of the body, seek immediate medical attention. This product is not a toy or edible. Mobile device casings can interfere with signal strength and decrease Orbit's visibility. Large metal parts near your mobile devices and your Orbit can interfere with the Bluetooth signal. Caution! Lithium battery inside. Risk of explosion in case of incorrect use. Please do not expose the product to a direct heat source. Please do not expose the product to any mechanical stress or impact. Do not attempt to disassemble your Orbit. You run the risk of electric shock and voiding your warranty.

WARRANTY

2 years

DECLARATION OF CONFORMITY

This product is compliant with CE and FCC directives. This device complies with Part 15 of the FCC Rules and with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

The relevant Declaration of Conformity is available at orbit.com/help. Any changes or modifications not expressly approved by the party responsible for compliance may void the authorization to operate this equipment. This device complies with the RF exposure SAR test exclusion requirements for portable devices if a minimum separation distance of 5 mm is kept. However, the device shall be used in such a manner that the potential for human contact during normal operation is minimized.

WEEE DIRECTIVE & PRODUCT DISPOSAL

At the end of its service life, this product should not be treated as household or general waste. It should be handed over to the applicable collection point for recycling of electrical and electronic equipment or returned to the supplier for disposal.

LEGAL

Use of the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network product specifications and requirements. Apple is not responsible for the operation of this device or use of this product or its compliance with safety and regulatory standards.

FCC Warning

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:-- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- .
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

***RF warning for Mobile device:**

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
