USER MANUAL

Overview

1. Play/Pause/ON/OFF
2. TYPE-C charging port
3. Charging/Bluetooth LED Indicator

Specifications:

1. Item: 25662
2. Input: DC 5V / 1A
3. Battery capacity: 3.7V/400mAh 1.48Wh
4. Speaker output power: 3W

Operation Instructions

1. **Power On:** Hold the "⏻" button for 3 seconds to turn on the speaker. The indicator light will turn blue and you will hear a tone.
2. **Pairing:** Once speaker is turned on, using your mobile device, search for Bluetooth devices and select Bluetooth ID '25662'. It will pair automatically.
3. **Power Off:** Hold the "⏻" button for more than 3 seconds to turn off the speaker.
4. **Play/Pause:** Tap the "⏻" button once to pause/play music

Attention:

1. To prevent damage to the speaker, do not drop or bump. Avoid exposure to water, high temperature and high humidity.
2. Keep away from children.
3. Music volume decreasing, distorting, slowing or silencing may indicate low power level. The battery will need to charge.
4. Please do not disassemble the speaker.
5. When not in use the device will turn off automatically. Please disconnect from power source.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

RF warning for portable device:

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
