1. Package Contents

W1 Window Camera ×1 (Model No.: S04000)
Outdoor View Mount ×1
Power Adapter ×1
USB Power Cable ×1
Cable Clips ×4

2. Product Overview

3. Setup Guide

Download the App and Pair the Camera

baseus Security app

GET IT ON Google Play

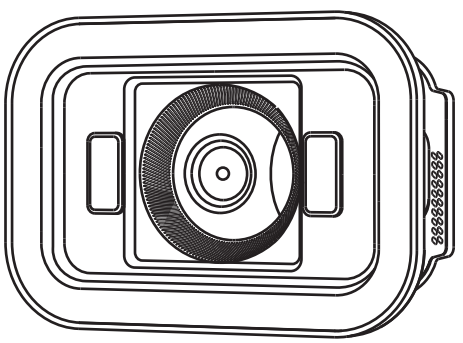

Google Play and the Google Play logo are trademarks of Google LLC.

Download on the App Store

Apple and the Apple logo are trademarks of Apple Inc.

1. Download and install the baseus Security app, then register an account.
2. Follow the on-screen instructions to add the camera to your device list.

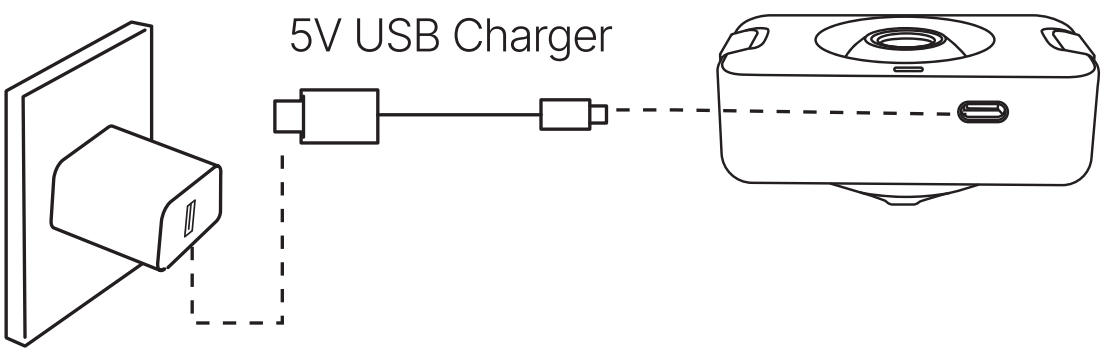

4. Connect the Power

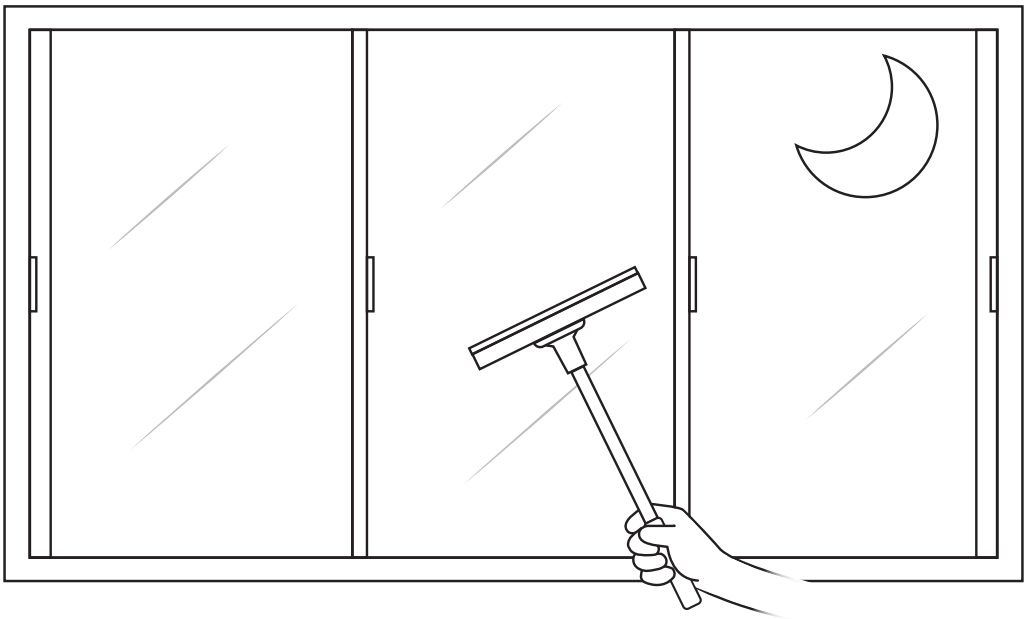

1) Connect the camera to the USB power cable and power adapter. After power is connected, the status indicator will illuminate solid blue, indicating that the camera has powered on successfully.

2) Status Indicator

Indicator Status:	Solid Blue: Powered On / Operating Normally
	Flashing Blue: Connecting to Wi-Fi
	Flashing Red: Firmware Updating or Camera Error

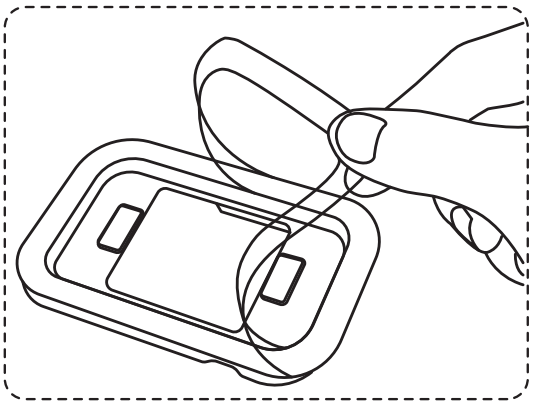

5. Camera Installation

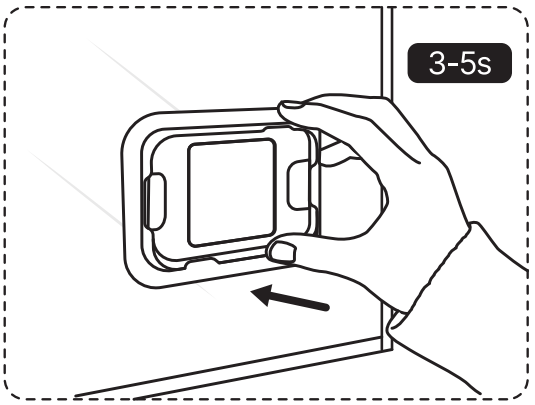

Select an Installation Location

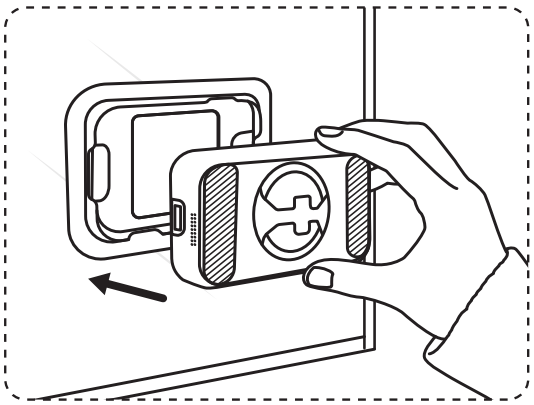

1) Choose a location on an indoor window with minimal indoor light reflection and a clear view of the outdoor monitoring area. If noticeable reflections appear, try turning off indoor lights near the window.
2) For optimal night vision performance, the monitored outdoor area should have some natural or ambient lighting, such as streetlights or moonlight.
3) Clean both the interior and exterior surfaces of the window to ensure optimal adhesion and image quality.
4) Ensure a strong Wi-Fi signal is available. The camera should be installed within 33 ft (10 m) of the router.

Install the Camera

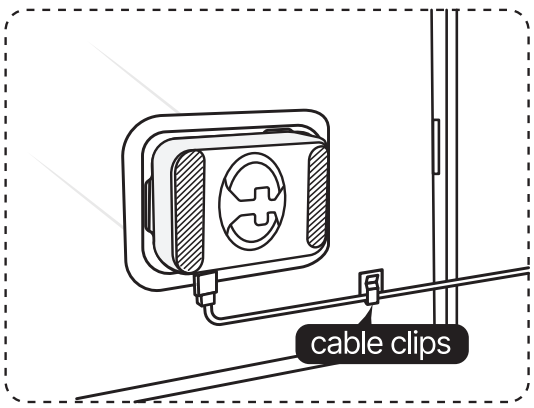

1) Remove the protective film from the adhesive pad on the mount. Firmly press the mount onto the glass for 3–5 seconds to ensure full adhesion.

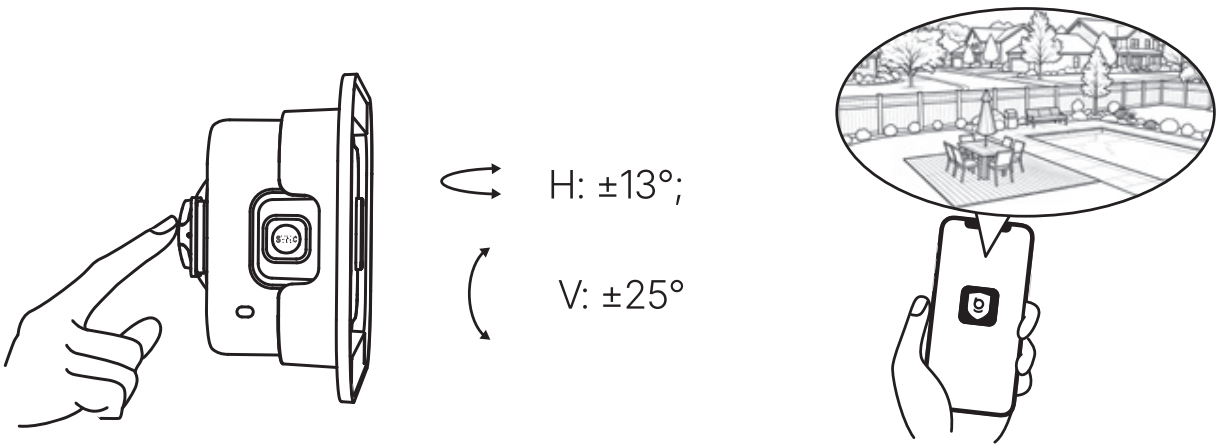

2) Attach the front of the camera to the magnetic mount.

3) Use the included cable clips to secure the power cable to the glass or window frame to prevent the cable from interfering with window operation.

Adjust the Viewing Angle

Adjust the camera using the ball joint on the back of the camera. Move the camera up, down, left, or right until the preview image in the app provides the desired monitoring view.

6. Specifications

W1 Window Camera	Resolution	3840 × 2160
	Night Vision	Color Night Vision
	Rated Input	5V⎓1A(Max.)

The above data is based on testing conducted by the Baseus laboratory. Actual performance may vary depending on usage conditions and environment.

7. Notice

This device is not a toy.
Choking Hazard: This product contains (or is supplied with) small parts, plastic components, cables, and other items that may present a choking hazard.
Keep the camera and all accessories out of the reach of children. If small parts are swallowed, seek immediate medical attention.
Strangulation Hazard: Children may become entangled in the power cable.
Keep cables out of the reach of children (more than 3 ft / 0.9 m away).
The operating temperature range for the camera and its accessories is –10°C to 40°C.
Do not use this device outside the recommended temperature range unless expressly stated as safe in the user guide or instruction manual.
Do not expose the device to direct sunlight or excessive moisture unless expressly stated as safe in the user guide or instruction manual.
For pluggable equipment, the socket-outlet shall be installed near the equipment and shall be easily accessible.
Use only the power adapter supplied by the manufacturer. Use of an unauthorized power adapter may create a safety hazard and may void the authorization to operate this device or invalidate the warranty.

8. Safety

This symbol indicates that this product must not be disposed of with household waste. Instead, it should be taken to an appropriate collection point for the recycling of electrical and electronic equipment. Dispose of this product in accordance with local regulations. Do not dispose of this product with household waste.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
-- Reorient or relocate the receiving antenna.
-- Increase the separation between the equipment and receiver.
-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
-- Consult the dealer or an experienced radio/TV technician for help.

FCC RF Exposure Statement:
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment shall be installed and operated with minimum distance 20cm between the radiator & body.

For USA: The frequency stability of all transmission frequencies of U-NII-1, U-NII 2A, U-NII 2C and U-NII-3 meets the requirements of 47 CFR FCC

Part15.407(g), and the manufacturer declares that their transmission is maintained at Band U-NII-1, U-NII 2A, U-NII 2C and U-NII-3.

The following importer is the responsible party (for FCC matters only)
Company Name: BASEUS TECHNOLOGY (US) INC

Address: 421 S BROOKHURST ST SUITE 1312
ANAHEIM, CA 92804
Telephone: +6-145412699

CE This product complies with the radio interference requirements of the European Community.

Declaration of Conformity

Shenzhen Baseus Technology Co., Ltd. Declares that the product is in compliance with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available at the following internet address:
https: //eu.baseus.com/pages/euro-compliance.
RF exposure notice:
The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20cm between the device and the human body.
To maintain compliance with RF exposure requirements, use product that maintain a 20cm distance between the device and the human body.
Frequency bands and power are as below:

Model	Function	Bands	Operation Frequency	Max.RF Power
S04000	Bluetooth	2.4GHz	2402 - 2480 MHz	EIRP:11dBm
	Wi-Fi	2.4GHz	2412 - 2472MHZ	EIRP:17.87dBm
		5GHz	5150 - 5250MHZ	EIRP:18.45dBm
			5725 - 5850MHZ	EIRP:18.31dBm

5150~5350 MHz can be used indoors only.
