

Quick Guide

SensePlus
RGB+CCT Smart Bulbs

General Notice

- Always follow the safety instructions.
- Do not use the product if it has been damaged.
- Follow the instructions and only operate in a safe environment.
- Do not operate electronics in wet conditions. Doing so may cause property damage, bodily harm or electrocution.
- Do not disassemble or alter the product. Doing so will void the warranty.

Safety Instructions

- Switch off the power supply and allow sufficient time for the bulb to cool down before removing the bulb from its fitting.
- DO NOT clean the device when it is on and connected to the power supply.
- To avoid scratching the device, clean ONLY with a soft dry cloth.
- DO NOT use cleaning agents to clean the device.

CAUTION

NOT suitable for damp location

DO NOT use with dimmers

NOT for use in fully enclosed luminaires

The bulbs are **NOT** intended for use with emergency exits

Warranty

All our products have a 12-month warranty period from the date of purchase. This covers any defects that occur under normal operating circumstances, subject to verification by MaxiSense IoTech Limited. Free of charge repair or replacement services will be provided by the company within this period.

Tech Specs

Model	MX-LB-01	MX-LB-02
Base	E27	E14
Voltage	AC220-240V, 50/60Hz	
Power	11W±10%	5W±10%
Luminous Flux	1050lm	350lm
Beam Angle	200°	250°
RA	≥80	
Power Factor	>0.5	
Working Temperature	-10° to 40°C	
Wattage on Standby	<0.5W	
Wi-Fi Standard	IEEE 802.11b/g/n, 2.4GHz	
Bluetooth Standard	IEEE 802.15.1b/g/n, 4.0	
Colour Temperature	RGB+ 2700-6500K	
Lifespan	≥20000H	
Driver Type	Linear Driver	
Material	Plastic Aluminum Housing+PC Cover	
Product Dimensions	Φ65 x 132mm	Φ38 x 112mm
Weight	57g	30g

Install HKBN Home App

Scan the QR code below

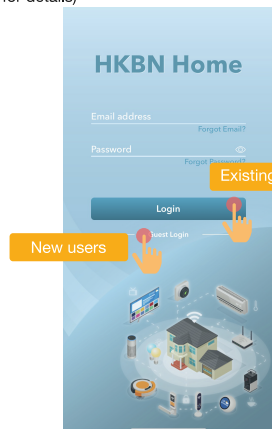

Or
Search and download "HKBN Home"
in App store or Google Play

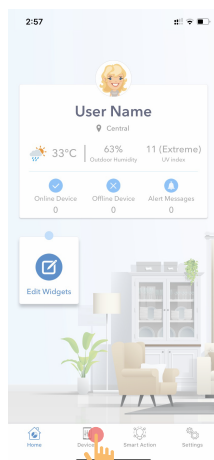

Pairing Instructions

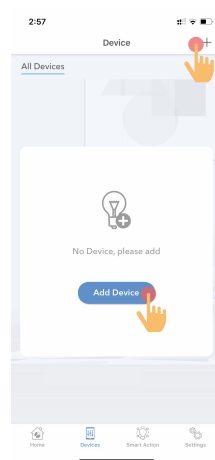

- 1) Existing users: Login with your registered **HKBN Home** account
New users: Tap "Guest Login" to redeem the free service (Please see the Redemption card for details)

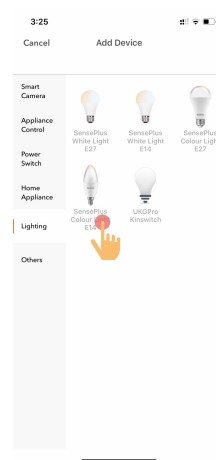

- 2) Go to the "Device" tab.

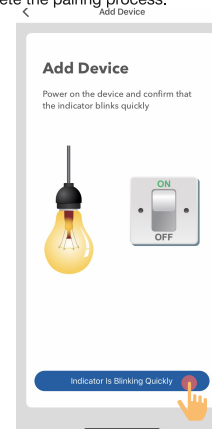

- 3) Press "+" or "Add Device".

- 4) Select the light bulb you are pairing in the "Lighting" category.

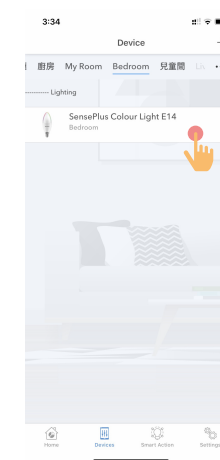

- 5) Turn ON the lightbulb, then "OFF-ON-OFF-ON-OFF-ON" to enter pairing mode. The lightbulb should be blinking in white. Follow the instructions on your phone to complete the pairing process.

Using the device

After successful pairing, you should see the device available in Device tab. Click to control the device.

You can turn on/off the light bulb, and choose your desired colour and brightness in this panel.
You can also set up scenes/automations at the Smart Action tab.
