This is the original instruction, please read all manual instructions carefully before operating. VEVOR reserves a clear interpretation of our user manual. The appearance of the product shall be subject to the product you received. Please forgive us that we won't inform you again if there are any technology or software updates on our product.

 **WARNING:**

Please read this manual carefully before using the product. Failure to do so may result in serious injury. SAVE THIS MANUAL

Failure to follow these warnings and the instructions could result in serious injury or death. This product including side rails, must be fully erected prior to use. Make sure latches are secure
INFANTS HAVE SUFFOCATED:

- In gaps between a mattress too small or too thick and product sides.
- On soft bedding. NEVER add a mattress, pillow, comforter, or padding.
- The playpen mattress/pad is specially designed to prevent suffocation. The playpen mattress/pad has a solid base, in order to meet safety standards. Using a thicker or a different-sized mattress/pad may allow a child's head to get between mattress/pad and the side of the playpen causing suffocation.
- Children can suffocate on soft bedding. Do not place pillows, comforters or an additional floor pad in this playpen.
- To reduce the risk of SIDS, pediatricians recommend healthy infants be placed on their back to sleep unless otherwise advised by their physician.
- ALWAYS place the child on their back to sleep.
- NEVER use plastic bags or other plastic film as mattress covers are not sold and intended for that purpose. They can cause suffocation.
- NEVER use a water mattress with this product.

FALL HAZARD:

- Always check that the bassinet is securely locked on the base/stand by pulling upwards on the bassinet.

STRANGULATION HAZARD:

- NEVER LEAVE INFANT IN PRODUCT WITH SIDES DOWN. Infant may roll into space between pad and loose mesh side causing suffocation.

WARNING:

- Strings can cause strangulation! NEVER place items with a string

around a child's neck such as hood strings or pacifier cords. NEVER suspend strings over playpen or attach strings to toys.

- NEVER place the playpen near a window where cords from blinds or drapes can strangle a child. Do not place any cord, strap or similar item in or near this playpen that could become wrapped around a child's neck.
- Do not place this playpen near a window or patio door where a child could reach the cord of a blind or curtain and be strangled.
- Child can become entrapped and die when improvised netting or covers are placed on top of a playpen. Never add such items to confine child in the playpen.
- NEVER leave child in product with sides lowered. Be sure sides are in raised and locked position whenever child is in product.
- Do not leave a child unattended in this playpen. The playpen, including side rail, must be fully erected prior to use.
- Make sure latches are secure.
- Discontinue use of the product when child is able to climb out.
- Do not use this playpen for child who can climb out of it.
- When child is able to pull to standing position, remove bumper pads, large toys and other objects that could serve as steps for climbing out.
- ALWAYS provide the supervision necessary for the continued safety of your child. When used for playing, never leave child unattended. Child in crib must be under supervision at all times.
- Do not use this playpen if you cannot exactly follow the instructions that come with it.
- NEVER use this product if there are any loose or missing fasteners, loose joints, broken parts, or torn mesh/fabric.
- Check before assembly and periodically during use.

WARNING:

- NEVER substitute parts.
- Check this playpen regularly before using it, and do not use it if any part is loose or missing or if there are any signs of damage. Do not substitute

parts. Contact us if replacement parts or additional instruction are needed.

- Only one child can use the playpen at a time.
- This product is not intended for commercial use.
- ALWAYS ensure that the playpen is safe to install by checking regularly before placing the child in it.
- NEVER leave the changing table in place when a child is in the playpen. NEVER leave the bassinet in place when a child is in playpen.

MAINTENANCE:

- Use only household mild soap and warm water.
- DO NOT USE BLEACH.
- DO NOT USE MACHINE WASH.

IMPORTANT :

1. To ensure safe operation of your product, please follow these instructions carefully. Please keep these instructions for future reference.
2. Before assembly and each use, inspect this product for damaged hardware, loose joints, missing parts or sharp edges. NEVER use if any parts are missing or broken.
3. Adult assembly is required.

ATTENTION:

- Playpen must be fully assembled and securely locked before installing or using other accessories.
- Unzip bag and remove playpen frame. Undo the fasten straps and set the mattress aside.

DO NOT PUSH CENTRE DOWN YET

- Top rail must be fully erected and locked before lowering centre. Pull up one rail at a time, hold one hand on each side of the rail and pull up sharply, do not pull from the middle where the centre latch release is located, make sure both tubes latch in place and each rail is rigid.

ATTENTION:

- The handle located in the centre of the playpen floor MUST remain raised while locking the side rails in place. IF the centre is not raised the rails will NOT lock.
- If you experience difficulty and one side of the rail will lock but the other side will not then, unlock the rail by squeezing the release in the centre and try again.

- Once all 4 top rail are lock in place, push down on the centre handle. The centre mechanism will automatically lock in place.

ATTENTION:

- Test each top tail by pushing down slightly to confirm each is rigid and securely in place before use.

- Place the mattress on the floor of the playpen with the padded side facing up.

- To operate the brakes on the wheels, press downward on the brake levers. To release, lift upward on the lever.

- Playpen must be fully assembled and securely locked before installing or using the bassinet feature. You will need to remove the mattress from the bottom of the playpen to use inside your bassinet.

**BASSINET
METAL SUPPORT TUBES**

- Connect opposing mattress support tubes that are attached to the bottom of the bassinet.
- Before placing the mattress into the bassinet, make sure mattress support are connected as seen.

- Position the bassinet over and down into the fully assembled playpen.

The cradle and the game bed basket are fixed by zippers.

- Place the mattress into the bassinet with the padded side facing upward.
- To remove the bassinet, remove mattress from the bassinet. Disconnect support tubes and unsnap all clips to lift out.

WARNING: To avoid death from the infant's neck being caught on the fop rail on the side that is next to the adult bed, the top rail must be no higher than the adult mattress. Always raise the side when not fastened to the adult bed.

WARNING: Entrapment Hazard to prevent death from entrapment, bedside playpen must be properly secured to adult bed using the attachment straps.

WARNING:
The 2 attachment straps must always be used in bedside playpen mode

WARNING:
Ensure your baby is not inside the crib when you detach the crib from your bed frame.

- There must be no more than 1/2 inch(13mm) gap between bedside playpen and adult bed.
- Check tightness before each use by pulling bedside playpen in a direction away from adult bed.
- If gap exceeds 1/2 inch(13mm), DO NOT use product. Do not fill the gap with pillows, blankets or other items that are suffocation hazards.

TO ASSEMBLE THE CHANGING TABLE

Note: 4 buckles face inward.

C01- Place the short tubes which have the labels "A" or "B" in the structure of the changer, associating each short tube with long tube containing the same letter "A" or "B". Run each short tube through the hole of the changer fabric; for this, release before the closures for velcro. Once the tubes are attached and set correctly, refasten the Velcro.

C02- Attach the changer to the travel cot, making sure the 4 lace of plastic that have the tubes locked and fixed to the Travel Cot. For this, we must press the changer until is firmly attached to the Travel Cot.

C03- The changer has to be placed in one of the two ends of the travel cot, so that it is possible to fix the two other lace of plastic to the headboard of said end.

C04 - Once the 6 lace is placed (2 in each side and 2 in the headboard), do pass the fabric that is located in the end of the changer so the two corners of said end are covered by it. Anchor the changer to the cradle with the two
