IMPORTANT SAFEGUARDS

⚠ DANGER Risk of suffocation! Keep any packaging materials away from children – these materials are a potential source of danger, e.g. suffocation.

⚠ DANGER Risk of injury or death! Failure to comply with these safety instructions may result in personal injury, death or loss/damage of load.

- Read these instructions carefully and retain them for future use. If this product is passed to a third party, then these instructions must be included.
- Use this product in accordance with local, state, provincial, federal, and industry regulations.
- This product is intended to safely anchor, secure, and organize cargo.
- Never use this product to secure loads on vehicles without additional solid fastenings.
- Do not use the product to lift or hoist loads.
- Inspect the product before use. Do not use the product with cuts, abrasions, knots, degraded or damaged parts.
- Keep the product away from sharp edges, protrusions, chemicals, abrasive or hot surfaces. Use corner pads (not provided) to protect the product from sharp edges.
- Do not overexpand the product. The bungee cords could tear and snap back.
- Stretch the cord carefully. Uncontrolled release can cause severe injury to unprotected body parts, particularly eyes.
- Wear safety goggles when attaching and releasing the product.
- When use with vehicles, check the product after the first 10 miles (16 km) and whenever the vehicle is stopped and left unattended.

Adjusting the length

- Pull out the cord from the teeth of the plastic hook.
- Adjust the cord to the desired length.
- Secure the cord by inserting it into the teeth of the plastic hook.

Cleaning and Maintenance

- This product may be subjected to dirt, mud, snow, ice, road salt, cleaning solution, etc., and therefore require inspection and cleaning after each use.
- To clean the product, hose with clean and cool water, and let the product dry before storing. Do not machine wash.
- Store the product indoors away from direct sunlight.
