Switch machine

Power on, press and hold the multifunction keys of the two temples for 3 seconds to power on. Turn off: press and hold the multifunction key of any temple for 5 seconds, and both temples will turn off at the same time.

Pairing

The left and right temples will be automatically paired when turned on. After the left and right temples of Bluetooth glasses are successfully paired when turned on, turn on the Bluetooth of the mobile phone and search for the Bluetooth name (displayed on the package) for device connection. (Note: Smart glasses automatically turn off when charged, and automatically turn on when the charger is unplugged or fully charged. Smart glasses automatically identify paired devices and connect them automatically.) (Note: There will be a prompt in Chinese or English if you click on any temple for 4 consecutive times after starting.)

Remote camera

Remote control photo: long press the right ear for 1 second to take a photo.

Music

Music playback: short press the left or right multifunction key once.

Music switch: Previous song: short press the left multifunction key twice.

Next song: short press the right multifunction key twice.

Voice assistance

Wake up the voice assistant: press and hold the left ear for 2.5 seconds to turn on Siri.

Recharge

Magnetic charging: the magnetic charging cable is connected to the left and right temple charging posts respectively for charging. (Note: When charging, the glasses will automatically turn off.)

Phone

Answer/hang up the call: short press the left or right multifunction key once.
Refuse to answer the phone: press and hold the left or right multifunction key for 2 seconds.

Intelligent sleep mode

Smart sleep mode: Bluetooth smart glasses will automatically turn off after 5 minutes when they are not connected to Bluetooth devices such as mobile phones.

Download

Use your camera or browser to scan the QR code to access the NebulaBuds download page.

Scan the QR code using your phone's camera, WeChat, or browser to download.

Select the appropriate channel to download.

When you open Nebulabuds for the first time, please allow Nebula to access the necessary permissions:

01

The following applies to both iOS and Android.

Information from Bluetooth devices may be sent to enhance your location and create your profile.

Use wireless data? Some features may not be available when wireless data is turned off.

And allow Nebula to use wireless data - Wi-Fi and cellular data.

02
