FCC Compliance
This device complies with part 15 of the Fcc rules, operation is subject to the following two conditions:
(1) this device may not cause harmful interference and (2)this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.However, there is no guarantee that interference will not occur in a particular installation.If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
*Reorient or relocate the receiving antenna.
*Increase the separation between the equipment and receiver.
*Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
*Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications to this product not authorized by the party responsible for compliance could void your authority to operate the product.

IMPORTANT
Read all safety instructions and warnings prior to using this product. Improper use and failure to follow safety guidelines could result in damage, excess heat, toxic fumes, fire,explosion, electrical shock, or other hazards causing serious and/or fatal injury and/or property damage that is not the manufacturer's responsibility. The user is responsible for maintaining this product with care for maximum use.
1. Permanent hearing loss may occur if you listen at high volumes. Set the volume to a safe level.
2. Maintain volume levels that allow you to hear sound around you and be alerted to potentially hazardous situations.
3. Do not store the device in a depleted state. Battery cells may be damaged. Charge your unit at least once every 3 months even when not in use.

- 4. Do not store at extreme temperatures (below 40° F or above 90° F). Battery cells may be damaged.
 - 5. Recharge your device with the included USB-C charging cable or a certified 3rd party cable and a 1A charging adapter. Less powerful adapters may charge the battery too slowly and damage/overheat the battery or cause a fire hazard.
 - 6. Unit is not waterproof. Do not submerge or expose to corrosive materials. Do not clean with harsh chemicals, soaps, or detergents.
 - 7. Do not attempt to modify, disassemble, or repair this product.
 - 8. Avoid excessive drops, bumps, and abrasions.
 - 9. If the device has dents, punctures, tears, deformities, or corrosion, discontinue use and contact the manufacturer or dispose of in an appropriate method.
 - 10. If you find this product rapidly increasing in temperature, emitting odor, deformed, abraded, or demonstrating an abnormal phenomenon, discontinue use immediately.
 - 11. Disposal of the unit in the garbage is unlawful under state and federal environmental laws and regulations.
- *Actual internal product(s) may vary from illustrative photos and/or illustrations printed on package and/or any additional internal printed pieces.
- ⚠ WARNING:** Cancer and Reproductive Harm
