Shaving modes

During your shave you can select your preferred shaving mode. Each mode has its own characteristics.

	For a shave that is softer on the skin.
	A great all-rounder for daily shaving.
	Higher power for heavy beards.
	Optimized for shaving with foam or gel.
	Shave your way with customized settings. (Only configurable in the app)

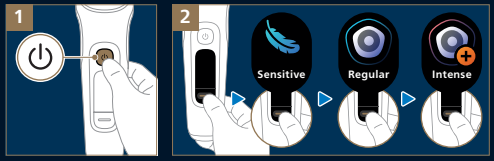
Modos de afeitado

Mientras se afeita, puede elegir su modo de afeitado preferido. Cada modo tiene sus propias características.

	Para un afeitado más gentil con su piel.
	Ideal para el afeitado diario.
	Mayor potencia para barbas gruesas.
	Optimizado para afeitarse con espuma o gel.
	Aféitese a su manera con configuraciones personalizadas. (Solo configurable en la aplicación)

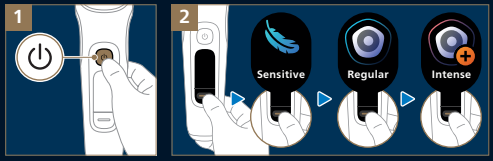
Selecting modes

You can toggle between modes by pressing the mode button when the shaver is switched on. Your last selected mode will be stored for your next shave.



Selección de modos

Cuando la afeitadora está encendida, puede cambiar el modo presionando el botón de modo. El último modo seleccionado se guardará para su próximo afeitado.



Light guidance

The light ring on your shaver can assist you in improving your shaving performance.

The light ring at the top of your shaver can provide you:

Pressure feedback

Providing guidance in applying the right amount of pressure

Too little pressure

Perfect pressure

Too much pressure

Motion feedback

Providing guidance in making the right rotational motions.

Guía de luz

El anillo de luz en su afeitadora puede ayudarlo a mejorar su rendimiento al afeitarse.

El anillo de luz en la parte superior de su afeitadora puede proporcionarle:

Retroalimentación de presión

Le ofrece orientación para aplicar la cantidad correcta de presión

Muy poca presión

Presión ideal

Demasiada presión

Retroalimentación de movimiento

Le ofrece orientación para realizar los movimientos de rotación correctos.

Combined feedback

Providing guidance both applying the right pressure and making the right rotational motions.

Wrong motions: Purple light ring

Too much pressure: Orange light ring

Retroalimentación combinada

Le ofrece orientación tanto para aplicar la cantidad de presión ideal como para realizar los movimientos de rotación correctos.

Movimientos incorrectos: Anillo de luz púrpura

Demasiada presión: Anillo de luz naranja
