

## CONNECTING INSTRUCTIONS

### 1 Download the Globe Suite™ app

Make sure your mobile device is running **iOS 9.0/watchOS 2.0/Android™ 4.4 or higher.**

- Download the **Globe Suite™** app from the iOS or Android store.
- Use your email to create an account and log in.

### 2 Set your smart bulb in pairing mode

- Once the smart bulb is screwed in correctly and is powered on, the light should be flashing rapidly, indicating it is in pairing mode.
- If it is not, turn the power switch controlling the light off/on/off/on.

### 3 Connect to the Globe Suite™ app

On your mobile device, please ensure all requested permissions are enabled: **Wi-Fi, Bluetooth, Location Services.**

- Select the "+" icon in the top right of the Globe Suite™ app home screen.
- If the light is flashing rapidly, the "scan" mode will detect your bulb within a few seconds. When discovered, select the bulb icon, and tap on "Next."
- Enter your Wi-Fi credentials correctly.

### 4 Your smart bulb is ready!

- Name your device and choose which room to place it in.
- You can now control your smart bulb directly from the Globe Suite™ app.
- Still need help? Select the "How do I set device into pairing mode" link on the "scan" page and follow the in-app instructions or view the video.
- You can also scan the QR code for a short instructional video (see page 1).

### 5 Set up voice assistance

- On the home screen, select "Profile," and select "Integration." Choose your voice assistant and follow the instructions within the app.
- Create Siri Shortcuts (for iOS)
  - On the home screen, select "Smart Scenes," then select the "+" icon to add a Trigger Scene.
  - Once completed, select "Add to Siri" and add the phrase to Siri Shortcuts.

Please note that the exact phrase must be said to execute the Trigger Scene with Siri.
