or visit us online at: www.megamaster.co.za

THIS MANUAL IS DESIGNED TO FIT INTO A DRAWER,

BUT THAT'S NOT WHERE IT BELONGS.

We get it. You've just unboxed your Megamaster Forest Fire Pit and you can't wait to fire it up. The feeling of warmth and relaxation and everything else you could possibly imagine certainly aren't going to assemble themselves.

At Megamaster, we believe anything worth doing is worth doing well. That's why, as with all of our products, we've put a lot of thought and effort into this user manual. It really is the first step towards making your time with friends and family more valuable.

INSTALLATION INSTRUCTIONS & USER MANUAL

Actual product may differ slightly from the picture. Megamaster products and factories comply with the Quality Management System standards required by all major retailers in South Africa.

+27 (0)12 802 1515 PO Box 15, Woodlands, 072, SouthAfrica

IMPORTANT - Please read and follow these instructions fully before use and KEEP for future reference. Failure to follow these instructions can cause death, serious injury or property damage.

Read and follow the below instructions.

Please retain these instructions for future use:

- The product is for outdoor use only. Do not use it as a furnace, as it is used for heating only.
- Do not use this product on decking or any other flammable surfaces such as dry grass, woodchips or leaves it can cause a fire.
- This product cannot be used in any enclosed areas as toxic carbon monoxide fumes can accumulate and can cause asphyxiation.
- Ensure this product is positioned at least 2 meters away from flammable items.
- This product should only be used by adults. Children and pets should be kept at a safe distance.
- Do not use petrol, white spirit, lighter fluid, alcohol, or any other chemicals to light a fire as it can cause a rapid increase in temperature.
- This product is only suitable for use with charcoal, untreated wood or dry logs. Do not use anthracite as fuel.
- Do not touch this product or move fuel until it is completely cooled down, unless you are wearing heat resistant gloves or using tools.
- Do not leave a burning fire unattended hot embers can be a fire hazard.
- Do not attempt to store this product until all ashes and charcoals are completely extinguished.
- Always empty this product after use. Do not remove ashes or charcoal until they have completely cooled down.
- Avoid breathing smoke from the fire and avoid getting it into your eyes.
- Always thoroughly inspect this product before use.

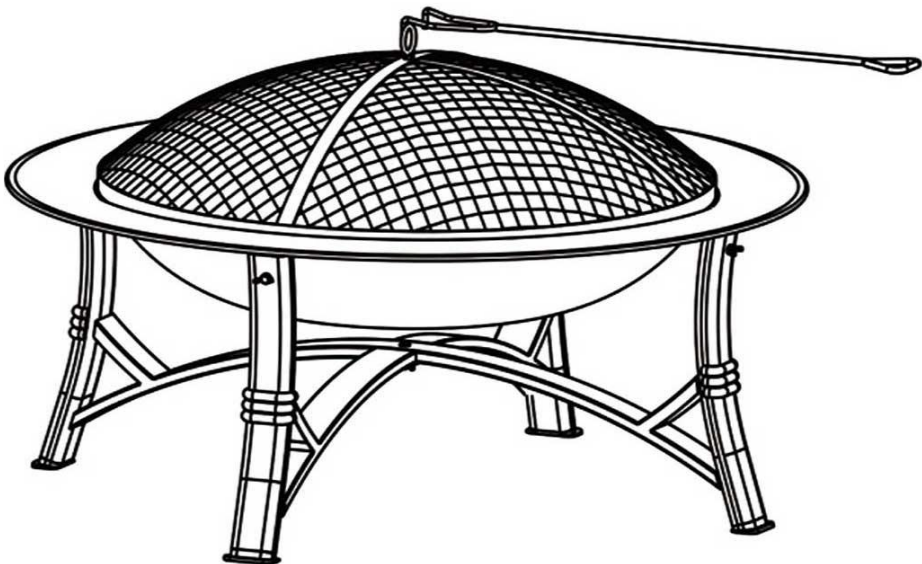

- Ensure this product is positioned on a permanent flat, level ground, heat resistant, non-flammable surface away from flammable materials.
- Remove the lid from the product before use.
- Light the paper or dry kindling to start a fire. Once sufficiently alight, add small logs and allow to burn out slowly.
- Do keep fuel away from the wall of this product as the high temperature may damage it.
- When shifting logs, use a safety tool to allow for additional airflow.
- When not in use, allow the product to completely cool down.
- Please do NOT hose down or use any other method to force cool this unit it needs to cool down gradually.
- This product should be inspected on a regular basis to ensure product safety and longer product life.
- This product will age and discolor naturally this is normal and to be expected. This will not affect use and is not a product fault.
- This warranty does not cover any rust.

EXTINGUISHING

- Do not use water to extinguish this product as it could damage, simply allow the fire to die naturally or douse with sand.

STORAGE

- Store this product in a dry location to maximize product life. When not in use, cover this product to prevent rainwater from entering as this may rust the Fire Pit.
