

Decora Smart® Wi-Fi Bridge

APPLICATION

Leviton's Decora Smart Wi-Fi Bridge is an easy-to-install plug-in that is required to enable smart features for Decora Smart No-Neutral devices, such as connectivity to My Leviton, Apple HomeKit, Amazon Alexa, and Google Assistant.

Its small form factor lets you plug it into any outlet without taking up space on a shelf or desk.

Pairing a Decora Smart No-Neutral Dimmer (DN6HD) or No-Neutral Switch (DN15S) with a Wi-Fi Bridge makes it easier than ever to install smart lighting control in homes without neutral wiring in the electrical wallbox.

The Decora Smart Wi-Fi Bridge provides up to 2,500 sq. ft. of coverage and should be placed in a central location within 50 ft. of Decora Smart No-Neutral devices. One Decora Smart Wi-Fi Bridge supports up to 25 devices. Multiple Bridges can be installed per residence to provide increased coverage in larger homes.

WORKS WITH MY LEVITON

The My Leviton app provides control from anywhere, device customization, scheduling, management of other Decora Smart devices such as plug-ins, and connectivity to My Leviton integration partners including voice assistants.

- Use the My Leviton app to set up the Wi-Fi Bridge and Decora Smart No-Neutral Dimmers and Switches
- Schedule lights to adjust at specific times or based on sunrise/sunset
- Adjust custom settings, bulb types, and create lighting scenes to activate multiple devices at once
- Optionally use the auto-shutoff feature to act as a countdown timer in closets, hallways, and bathrooms
- Utilize the Away mode to randomize schedules of selected devices to provide a lived-in appearance when away from home

WORKS WITH AMAZON ALEXA

Use your voice to control connected lighting from compatible Alexa built-in devices such as an Amazon Echo, Echo Show, the Alexa app, or even the Decora Smart Voice Dimmer.

WORKS WITH HEY GOOGLE

Use your voice to control connected lighting with Google Assistant or from the Google Home app.

WORKS WITH APPLE HOMEKIT

Add to an Apple HomeKit network and control with the native Apple Home app on your iOS device, providing compatibility with Siri for voice control.

WORKS WITH IFTTT (IF THIS THEN THAT)

Use the free IFTTT service to connect your My Leviton devices with a wide range of supported Internet of Things (IoT) enabled devices and services to create a smarter home automation experience.

WORKS WITH SCHLAGE

Use the My Leviton app to connect to your Schlage Encode™ Smart Wi-Fi Deadbolt and trigger lighting scenes based on lock activity. Make certain you never walk into a dark home when you arrive and make sure select lights are turned off when leaving.

FEATURES AND BENEFITS

- For use with DN6HD No-Neutral Dimmer and DN15S No-Neutral Switch to enable smart features such as My Leviton App control, Anywhere Companion connectivity, and integration with smart home services, such as voice assistants
- Ease of Installation - plugs into 120VAC outlet including GFCI, AFCI and USB
- Discreet size does not obstruct other devices from being plugged into the same outlet
- Supports up to 25 total devices including DN6HD Dimmer, DN15S Switch, DAWDC or DAWSC Anywhere Companions
- One MLWSB Decora Smart Wi-Fi Bridge supports up to 6 Anywhere Companions paired to associated Decora Smart No-Neutral devices
- Provides up to 2,500 sq. ft. of coverage
- Place within 50 ft. of the Decora Smart No-Neutral Dimmer or Switch
- Multiple Bridges can be installed per residence to provide increased coverage in larger homes

NETWORK

- Wi-Fi – 802.11 b/g/n networks @ 2.4GHz only
