FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Happy Music Box Manual

Please read the instruction carefully and keep it properly before using the product

Thank you for purchasing our products. Please read it carefully before using it Please keep this manual for reference.

Functional features:

1. Wireless music playback
2. TWS series box function
3. With clear sound and deep bass
4. Built-in large capacity polymer aluminum battery
5. Low voltage intelligent detection and charging reminder
6. Energy-saving and environmental protection function (automatic shutdown after 5 minutes without connection)

Technical parameters:

Product model: HMB1
Power Supply: DC 5V/1A
Battery capacity: 1600mAh
Transmission distance: ≥10 meters
Hom specification: 40mm 5W
Process manufacturing: Silicone + ABS
Frequency range: 10Hz-10KHz
Reverberation mode: Built-in echo effect
Bluetooth version: 5.3
Peak power: 8W

Function description:

- Start up: long press the "switch" button to start up for 3 seconds, and the blue light of the work indicator flashes quickly.
- Key: - : Click to reduce sound, long press a song.
+ : Click to add sound, long press the previous track.
- Bluetooth connection: Turn on the Bluetooth function of your phone, search for the Bluetooth name "HMB1", and when connected After success, the blue indicator light stays on, and when you turn on your phone to play music, the work indicator will be activated The blue light flashes slowly.
- Play/pause: when the music is playing, press the "⏸" button to pause the music and press one again Let's resume playing.
- TWS series box function: two products of the same model can be automatically paired after starting up at the same time Play the music at the same time(or double-click the "⏸" key on one of them and hear the beep Automatic pairing.
- Shutdown: long press the "switch" button to shut down for 3 seconds, and the blue light will go out.
- Charging function: the charging voltage of the machine is dc-5v /1A, and the red indicator light is usually used when charging Bright, blue light is always on after full charge.
- Low voltage automatic detection function: this machine has low voltage automatic detection function, when the voltage is lower than The warning line will remind you to charge.
- Turn on both devices simultaneously. Press and hold the light button on both to activate Bluetooth pairing mode. Then, select either device and quickly press the light button twice to establish the connection between them. Finally, proceed to connect via Bluetooth.
