

Please read this manual in its entirety before using your Pocket Juice Wireless Plus Charger.

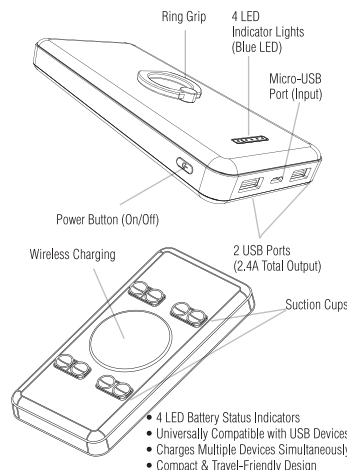

INTRODUCTION & FEATURES

Enjoy a flash of wireless power for your devices wherever you are with the Pocket Juice Wireless Plus Charger. Built with a travel-friendly design and shock-proof shell, this charger features wireless charging for your compatible devices, and USB ports for other devices you may need to charge. Charge multiple devices with equal speed and ease, while the 4 LED battery status indicators help keep you fully aware of the devices' battery levels.

PACKAGE CONTENTS:

10,000mAh Pocket Juice Wireless Plus Charger
Micro-USB Charging Cable
User Guide

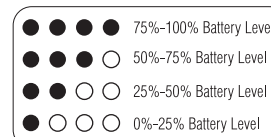

PRODUCT OVERVIEW & FUNCTIONS

CHARGING YOUR POCKET JUICE WIRELESS PLUS

NOTE: Your Pocket Juice charger comes pre-charged. Depending on a few factors, some of the battery might have discharged during transit.

QUICK POWER TEST: Perform the test by pressing on the Power Button. The 4 LED battery status indicators will display the current power level as a percentage.

To charge, connect the included Micro-USB cable to the Pocket Juice charger, and insert the other end into a USB power source. It takes approximately 5-10 hours to fully charge your Pocket Juice Wireless Plus Charger from a depleted level. Once the charging process has started, the LED indicator lights will illuminate blue according to the battery power level (see chart).

When the charging process is complete, all 4 of the LED indicator lights will be blue. The LEDs will remain lit until you disconnect the Pocket Juice from its power supply.

CHARGING YOUR SMARTPHONE OR OTHER DEVICE

NOTE: For best performance, make sure that the Pocket Juice Wireless Plus Charger is fully charged before using it to power any devices.

FOR WIRELESS CHARGING

Properly align your smartphone/device with the wireless charging area on the Pocket Juice. Press the Power Button to turn on wireless charging. The LED indicator lights will flicker green 3 times and wireless charging will begin.

FOR WIRED CHARGING

To charge with a wired connection, insert one end of your device's charging cable into the device's charging port, and insert the other end into the USB port of the Pocket Juice. Charging will automatically begin. When charging is complete, disconnect your device from the Pocket Juice.

ERROR

The LED indicator lights will flash green when your device isn't properly aligned with the unit to charge. Remove your device and align it with the unit again.

SAFEGUARDS:

- Do not strike or apply strong pressure to the chargers with sharp or heavy objects. Strong impacts and shocks can cause irreversible damage to the unit.
- Do not operate the charger if it has been exposed to any kind of liquid, or if it is visibly wet or moist.
- Keep the charger away from children.
- Do not expose the unit to extremely high or low temperatures or high pressure.
- Avoid exposure to direct sunlight, fire, or locations such as the inside of a hot car.
- Do not attempt to disassemble or modify the unit in any way.
- Immediately discontinue use if the charger emits an unusual odor or smoke, feels hot, has appeared to change in color or shape, or appears abnormal in any other way.

SPECIFICATIONS:

Battery Type: Rechargeable Lithium-Polymer
Battery Capacity: 10,000mAh
Micro-USB Input: 5V/2A
Wireless Charging Output: 5W
Dual USB Output: 5V/2.4A MAX

BATTERY DISPOSAL:

This product contains a lithium-polymer battery. These batteries are environmentally safe when they are fully discharged. Please refer to your local and state law for proper battery disposal procedures.
