CHARGING INSTRUCTIONS

- **Step 1** : Connect the Type-C charging cable to the mouse.
- **Step 2** : Connect the other end to a DC 5V power source.
- **Step 3** : The red light will stay on while charging.
- **Step 4** : The red light will turn off once the mouse is fully charged.

SLEEP MODE

If the mouse is not used for 10 minutes, it will automatically enter sleep mode to save battery. In sleep mode, the connection and LED light turn off. Move or click the mouse to wake it up again.

BLUETOOTH CONNECTION

- **Step 1** : Switch the mouse power button to the BT position.
- **Step 2** : The blue indicator light on the back will turn on for around 2 seconds and then turn off. This means the mouse is powered on.
- **Step 3** : When the Bluetooth indicator flashes quickly in blue, the mouse is ready to pair.
- **Step 4** : Open Bluetooth settings on your laptop, tablet, or smartphone. Turn on Bluetooth and search for available devices.
- **Step 5** : Select the mouse name from the Bluetooth list. Once connected, the red indicator light on the back will turn on and the mouse will be ready to use.
- For repairing long press the Mode button.

2.4GHZ WIRELESS CONNECTION

- **Step 1** : Switch the mouse power button to the 2.4G position.
- **Step 2** : The USB receiver (dongle) is conveniently stored beneath the mouse, after moving the slider.
- **Step 3** : Insert the USB receiver into the USB port of your laptop or desktop PC.
- **Step 4** : The mouse will connect automatically and can be used normally.

IF 2.4GHZ CONNECTION FAILS

- **Step 1** : Press and hold the middle button + right button together.
- **Step 2** : The indicator light will flash quickly in green.
- **Step 3** : Insert the USB receiver into your laptop or desktop.
- **Step 4** : Wait for the pairing process to complete.
- **Step 5** : Once pairing is successful, the red light will stay on for 2 seconds and then turn off. The mouse is now ready to use.

COMPATIBLE SYSTEMS

Compatible with Windows 7, Windows 8, Windows 10, Windows Vista, and Windows XP. It also works with many Bluetooth-supported laptops, tablets, and smartphones.

USAGE & SAFETY INSTRUCTIONS

- Use only a DC 5V power source for charging.
- Do not expose the mouse to water or moisture.
- Keep away from extreme heat and direct sunlight.
- Do not disassemble or repair the mouse yourself.
- Turn off the mouse when not in use for a long time.

- Store the USB receiver safely inside the mouse compartment when not in use.
