Wireless Dual-Mode Amplifier Speaker

XHJ

Product Overview

- Output Power: 5W
- Bluetooth Version: V5.2
- Battery: 3.7V Lithium-ion, 1200mAh
- Input: DC 5V/1A (USB-C)
- Effective Distance: Approx. 10 meters (Bluetooth mode/obstacle-free)
- Frequency Response: 70Hz - 20kHz
- Bluetooth Protocol: A2DP/AVCTP/AVRCP
- Charging Time: Approx. 3 hours
- Protection Rating: Splash-proof

Safety Information & Precautions

WARNING: To reduce the risk of fire, electric shock, or personal injury, please observe the following basic precautions:

Battery Safety

The product contains a sealed lithium-ion battery. **DO NOT** disassemble, crush, puncture, short-circuit the battery, or dispose of it in fire. **DO NOT** use or store in high temperature (e.g., inside a car under direct sunlight) or extremely low-temperature environments.

Operating Environment

Do not use near heat sources or in damp locations. Keep in a well-ventilated area.

Water & Dust Resistance

This product has an IPX4 waterproof rating and cannot be submerged or rinsed.

Cleaning

Disconnect from power before cleaning. Wipe with a soft, dry cloth. Do not use abrasive or corrosive chemicals.

Disposal

The product and battery should be disposed of in accordance with local laws and regulations, not as household waste. The "crossed-out wheelie bin" symbol on the packaging indicates this.

Technical Specifications

- Output Power: 5W
- Frequency Response: 70Hz - 20kHz
- Bluetooth Version: V5.2
- Bluetooth Protocol: A2DP/AVCTP/AVRCP
- Effective Distance: Approx. 10 meters (Bluetooth mode/obstacle-free)
- Battery: 3.7V Lithium-ion, 1200mAh

- Input: DC 5V/1A (USB-C)
- Protection Rating: Splash-proof
- Sound System: Virtual Stereo
- Speaker: $\Phi 57\text{mm}/4\Omega$ 5W+ Diaphragm
- Product Dimensions: 4.5*4.45*3.22'inch
- Product Net Weight: 1lb/450g

Wireless Dual-mode switching and connection

Power on

Press and hold the power button for about 2 seconds. You will hear a power-on prompt tone, and the LED indicator (blue) will remain constant. Then, a voice prompt will tell you whether to use Bluetooth mode or induction mode.

Induction Mode

After powering on, press the mode switch key (M) to switch to induction mode, then open a music (such as Spotify) or video (such as YouTube, Netflix) app on your phone to start playing. Next, point the phone's speaker at the sensor stand, and the audio content will play through the speaker.

Bluetooth Mode

Bluetooth Pairing: After powering on, press the mode switch button (M) to switch the speaker to Bluetooth mode for pairing. On your phone, tablet, or computer, open Bluetooth settings and select the device named "XHJ-Baby snail". After opening the audio/video file, the audio content will be played through the speaker.

Next Use: The speaker will automatically reconnect to the last paired device when powered on again.

Function Operations

Power On/Off:

Briefly press the power button to turn the device on or off.

Mode Switching:

Briefly press the mode switch button to switch between induction mode and Bluetooth mode. ZA sound will indicate a successful switch.

Volume Adjustment:

Press and hold the volume +/- buttons. A voice prompt will indicate the 'maximum volume'.

Charging

Please connect the speaker to a 5V/1A USB power adapter or a computer USB port using a USB-C cable.

The indicator light on the TEPDEC port will remain solid red while the speaker is charging; it will turn off when fully charged.

Battery life:

Approximately 2.5 hours (medium volume).

Care & Cleaning

Avoid splashing liquid into openings.

Clean the surface with a soft, dry microfiber cloth.

Battery life:

Approximately 2.5 hours (medium volume).

Compliance Statements

FCC Compliance Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

(1) California Prop 65 Warning:

This product may contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm.

Limited Warranty

[XHJ] warrants this product against defects in materials and workmanship under normal use for a period of Twelve (12) months from the date of original retail purchase.

Thank you for choosing our product!
