| 5. Next/Volume Up | |

How to Use Your Speaker

1. Power & Light Control

- **Power On/Off:** Press and hold the Power button.
- **RGB Lights:** Lights turn on automatically with the power.
Press the RGB Light button to cycle through three light modes or turn them off.
- **Disconnect Bluetooth:** Press and hold the RGB Light button to quickly disconnect your current mobile device.

2. Connection Modes

- **Bluetooth:** Power on the speaker to enter Bluetooth mode automatically.
Connect to "PY-PBTPSP10" on your phone.
- **TWS (Stereo Mode):** Turn on two speakers in Bluetooth mode. On one unit, press and hold the TWS (Mode) button until you hear a tone. Pair your phone to the speakers via Bluetooth. Press and hold again to exit TWS.
- **USB Playback:** Insert a USB drive to play music automatically.
- **FM Radio:** Plug the charging cable into the charging port (it acts as an antenna). Press the Mode button to enter Radio mode. Press and hold Play/Pause to auto-scan and save stations.
- **AUX-IN:** Connect your device to the digital AV port (AUX). The speaker will switch to this mode automatically. Controls are managed by your external device.

3. Button Controls

- **Play/Pause:** Press once to play/pause (or mute in Radio mode).
- **Volume Up (+):** Press for volume up. Press and hold for the next song/station.
- **Volume Down (-):** Press for volume down. Press and hold for the previous song/station.
- **Voice Assistant:** Press and hold the Voice Assistant button to activate your phone's assistant (Siri/Google).
- **Hands-free Calling:** Press Play/Pause to answer/end a call. Press and hold to reject a call or switch the audio to your phone.

Charging & Maintenance

Charging: Use a 5V/1–2A charger. A full charge takes about 3 hours. The indicator light turns off when full.

Reset: If the speaker freezes, press the RESET button inside the digital AV port (AUX) using a small pin.

Battery Safety:

Do not use the speaker while charging. This unit does not function as a power bank.

Warnings & Maintenance

- Store and use the speaker in normal room-temperature environments.
- Avoid exposing the product to rain or high-moisture environments.
- Do not disassemble, repair, or modify the product yourself.
- Use a soft, dry cloth. If necessary, use a slightly damp cloth with water only.
Do not use chemicals or cleaning agents.
- To prevent hearing damage and extend the life of the speaker, avoid listening at maximum volume for long periods.
- This product contains a built-in lithium battery. To avoid the risk of explosion, do not discard it in the trash or near fire.
