FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Portable device statements

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Safety Instruction for Battery Usage

1. Non-rechargeable batteries are not to be recharged.
2. Rechargeable batteries are only to be charged under adult supervision.
3. Rechargeable batteries are to be removed from the toy before being charged.
4. Different types of batteries or new and used batteries are not to be mixed.
5. Batteries are to be inserted with the correct polarity.
6. Exhausted batteries are to be removed from the toy.
7. The supply terminals are not to be short-circuited.
8. Do not mix old and new batteries.
9. Do not mix alkaline batteries, standard (carbon-zinc) or rechargeable (Nickel-Cadmium) batteries.

The package must be retained since it contains important information. Transformers or battery chargers used with the toy are to be regularly examined for damage to the cord, plug, enclosure and other parts, and in the event of such damage, they must not be used until the damage has been repaired.

DO NOT RUN THE CAR IN DUST AREAS
DO NOT RUN THE CAR ON SAND OR GRASS
DO NOT DRIVE THE CAR THROUGH WATER OR LET IT GET WET
DO NOT DROP THE CAR OR SUBJECT IT TO ANY HARD KNOCKS
