PRODUCT OVERVIEW

Warning: Stainless steel water tray and filter tray are integrated and cannot be detached.

GETTING STARTED

01 / Connect

Step 01

Charge the base fully before first use (the battery indicator light will turn white when charging is complete). Press the power button under the base to turn the fountain on.

Step 02

Scan this QR code or search for "Petlibro" in your smartphone's app store to download and install the App.

NOTE: The Petlibro Lite App is not compatible with this fountain. If you already have the Petlibro App installed, make sure you're using the latest version.

Step 03 When the Wi-Fi indicator light flashes white, the fountain is ready to connect to the App.

Step 04 Follow the instructions in the App to configure the network.

02 / Calibration

Place the empty base on a flat surface.

03 / Clean & Assemble

Step 01 Soak the filter in tap water for 5 minutes and rinse thoroughly, then rinse all tank parts.

Step 02 Place the water pipe inside the water tank.

Step 03 Attach the soaked filter and install the filter lid. Fill the tank with water, install the water tray, and snap the lid in place.

NOTE: If you're using this cordless fountain in wired mode (it works both ways!), please route the power cable through one of the cable slots on the bottom of the fountain. This ensures accurate water-level monitoring.

Need more support?

- Scan the QR code to access the Help Center and receive support for the Docksteam 2 Fountain, or contact our customer service team at: support@petlibro.com
- You can also find a digital version of the user manual on the Petlibro website or in the App.

Button

Button	How to use

	Battery mode: Battery ≤ 10%, red and steady; Battery 11-100%, off	

SAFETY INSTRUCTIONS

- Please install and use the fountain strictly in accordance with the instructions provided.
- Use the fountain indoors only. Avoid exposure to high temperatures, high humidity, or direct sunlight.
- The fountain uses a low-voltage 5V power supply. While your pet will not receive an electric shock if they bite the cable, it may cause leakage. Position the cord to discourage chewing.
- Always use the original power adapter provided to avoid damaging the fountain or causing safety hazards.
- Place the fountain on dry, stable, level ground and keep it horizontal and upright. Overturning the fountain may cause malfunctioning or water leakage.
- Before using the fountain for the first time, please clean it thoroughly. Do not use water above 50°C.
- Do not wash or submerge the fountain's base. If the base gets wet during cleaning, wipe it dry immediately to prevent damage.
- The stainless steel water tray and the filter tray (excluding the Filter Cover) are dishwasher safe at temperatures below 194°F (90°C), with a recommended maximum cleaning time of 1-2 hours. Other parts should be hand-washed with water below 122 F (50°C).
- Turn off the power when the fountain is not in use.
- If you don't plan to use the fountain for a long period of time, clean and dry it completely, then store it in a dry place.
- Dispose of packaging materials properly. Plastic bags can lead to suffocation—always keep them away from children and pets.

- Do not use the fountain with pets that can't reach the water tray or have physical disabilities that prevent them from using it properly.
- Always make sure there is water in the tank before using the fountain. Do not operate the fountain with an empty tank.
- Please perform any repairs under the guidance of professionals to avoid potential accidents and injuries.
- Before leaving home, check that the fountain has enough water and power to operate while you're out.
- This fountain is not intended to replace human care. For their safety, pets should not be left unattended for extended periods of time.
- For best results, replace the filters (white filter and black foam filter) every two weeks and clean the water tank every week if you only have one pet, more frequent maintenance is advised if you have multiple.
- To provide the best possible experience, the fountain will be regularly upgraded and optimized. Some features may differ from what is described in this manual. If you have any questions, contact our customer support team at support@petlibro.com.
- This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision.
- 5150-5250MHz indoor use only

SPECIFICATIONS

Model	PLWF116S, 6236116
Power Adapter	Input: AC 100–240V 50/60Hz Output: 5V 1A
Water Tank Capacity	3L (101 oz)
Wireless Frequency	2.4 GHz & 5 GHz
Supported Systems	Android, iOS
Material	ABS, Stainless Steel
Battery Capacity	18650 Lithium Battery: 5200mAh
Adapter Charging Temperature Range	Standard Ambient Temperature < 113° F / 45° C
Dimensions	246 × 200 × 198mm / 9.6 × 7.8 × 7.7in
Weight	1.47 kg / 3.24 lb

- 24-month warranty
- For guidance on product use, please contact our customer service team at support@petlibro.com.

NOTICE

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- This device may not cause interference.
- This device must accept any interference, including interference that may cause undesired operation of the device.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC's and IC's RF radiation exposure limits set forth for an uncontrolled environment. The antenna(s) used for this transmitter must be installed and operated to provide a separation distance of at least 20 cm from all persons and must not be collocated or operated in conjunction with any other antenna or transmitter. Installers must ensure that 20cm separation distance will be maintained between the device (excluding its handset) and users.

WEEE Disposal and Recycling Information

All products bearing this symbol are waste electrical and electronic equipment (WEEE as in directive 2012/19/EU) which should not be mixed with unsorted household waste. Instead, you should protect human health and the environment by handing over your waste equipment to a designated collection point for the recycling of waste electrical and electronic equipment, appointed by the government or local authorities. Correct disposal and recycling will help prevent potential negative consequences to the environment and human health. Please contact the installer or local authorities for more information about the location as well as terms and conditions of such collection points.

Legal Disclaimer Notice

This legal disclaimer applies to purchasers and users of products manufactured by or on behalf of Shenzhen Libro Technology Co., Ltd. and its affiliates (collectively, “Petlibro”).

Unless otherwise expressly indicated in writing, Petlibro’s products and instructions relating thereto are subject to change without notice. Users should check for and obtain the latest relevant information and verify that such information is current and complete before placing orders for Petlibro products.

Unless Petlibro has explicitly designated an individual Petlibro product as meeting the requirements of a particular industry standard or a particular qualification, Petlibro is not responsible for any failure of an individual Petlibro product to meet the requirements of such industry standard or particular qualification.

The purchasers and users of Petlibro products are recommended to check the product label or USER MANUAL prior to using any of our products. If there are any discrepancies, customers should follow the information provided in the product or packaging. You should contact the manufacturer directly for any clarification relating to the product and recommended use. Unless expressly and specifically approved in writing by Petlibro on a case-by-case basis, use of any Petlibro products in unauthorized applications might not be safe and thus is at the user’s sole risk.

To the maximum extent permitted by applicable law, Petlibro disclaims (i) any and all liability for special, punitive, consequential, incidental or indirect damages or lost revenues or lost profits, and (ii) any and all implied warranties, including implied warranties of fitness for particular purpose, non-infringement and merchantability.

EXTERNAL POWER SUPPLY

Only to be used with the power supply unit provided with the appliance.
