

Information to User

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Important: Change or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

ID Diagram

Parameter configuration

Pairing Name	E8
Wireless Version	5.4
Operating Frequency	2.402GHz-2.480GHz
Distance	>10M
Standby Current	<1.0mA
Charging Current	30mA
Charging Voltage	4.6V-5.5V

Function Explanation

Functional	Operation	LED
Power on	Open the lid	Slow flashing white light
Shut down	Put it into the charging compartment and cover it with the lid	The white light stays on for a long time
Search for pairing	Open your phone, find "E8" in the list, and click on pairing	The main ear is breathing with a white light, while the auxiliary ear light is off
Automatic reconnection	After connection, it will automatically reconnect when turned on	
Play	When playing music, click once	

Function Explanation

Functional	Operation	LED
Volume increase	Double click on the left ear	
Volume down	Double click on the right ear	
Previous track	When playing music, triple tap the left ear	
Next track	When playing music, triple tap on the right ear	
Summon voice assistant	Long press for 2 seconds and release to trigger Siri	
Incoming call	Earphones ring	
Answer the phone	When playing music, touch/click on the headphones once	
Call rejection	Touch either side for 2 seconds	
Hang up the phone	Touch either side and hang up	
Charge		

Precautions

Working frequency: 2.4GHz

The power provided by the charger must be between the minimum 1 watt and maximum 5 watts required by the wireless device to achieve the highest charging speed.

1. Read instructions carefully before use; keep them in a safe place for future reference.
2. Avoid humid environments, water splashes, and extreme temps ($\leq 0^{\circ}\text{C}/\geq 45^{\circ}\text{C}$).
3. Do not disassemble/modify. Handle with care; avoid dropping/impacting.
4. Use a charger with appropriate power. Do not exceed product specs.
5. Contains small parts—keep away from children (swallowing hazard). Dispose of packaging properly.
