HOW TO MAKE A CLAIM ON MY DEFUNC PRODUCT

If you receive your goods and discover that they are damaged, or have other defects, please contact customer service. Just provide us with your contact and purchase details, go to defunc.com/support/ - scroll down, and click on the <GET IN TOUCH> button.

COMPLIANCE WITH FCC REGULATIONS

Caution! The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment on and off, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

8

RULES & REGULATIONS 2/2

- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

THE SPECIFICATION AND EXTERNAL APPEARANCE OF THE SPEAKER MAY BE SUBJECT TO CHANGE WITHOUT PRIOR NOTICE.

If at any time in future you should need to dispose of this product, please note that waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your local authority or retailer for recycling advice.

EU DECLARATION OF CONFORMITY

The Art of Utility AB hereby declares that Defunc BEAT 15 complies with Directive 2014/53/EU. The full text of the EU Declaration of Conformity is available here: defunc.com/documents.
