

6240 Speaker Manual

Product Specifications

- BT: V4.2
- Distance: 10 m
- SNR: ≥ 76 db
- Battery: 400 mAh
- Battery voltage: 3.7V
- Play time: 1 hour
- Horn size: 45 mm * 2
- Potencia: 4 Ω / 3W * 2
- F. R. : 150 Hz-20KHZ
- Charging voltage : 5.V
- FCC /D: 2BV/S-6240

Product Feature:

1. Advanced Wireless audio decoder chip, support all Wireless devices connected.
2. Soft, clear and dynamic sound, all levels clear.
3. Reading TF card and USB card directly;
4. The wireless transmission range can be up to 10 meters;

Button function

1. DC 5V slot, (standard Micro USB V8 charging cable for power charging.)

FCC Warning:

This device complies with Part 15. of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15. of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try

to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.
