Place the Door Panel (D) hinge on the top side of the Left Panel (A) hinge.

Your new Outdoor Steel Pyramid Wood Burning Fire Pit is ready to use !

Operating Instructions

To Light:
1. Make sure all debris is removed from the firepit.
2. Place a layer of dry kindling or a natural firestarter onto the center of the log rack.
3. Place above that, a layer of dry seasoned hardwood that is cut to lengths no more than 3/4 the width of the firebowl.
4. Use a long match to light kindling.

To Extinguish:
1. Allow fire to burn itself out.
2. Do NOT use water to extinguish, as this is dangerous and can cause damage to the fire pit.

Tending the Fire:
1. While using the fire poker, shift embers/wood logs to allow additional airflow.
2. Wait until glowing embers have developed before adding any additional wood. If additional wood is required, place wood on top of embers. Be careful not to shift ashes.
3. Please don't close mesh blocker until the log fire turns to charcoal fire.

- This outdoor fire pit should be inspected on a regular basis to ensure product safety and long product life.
