

App/Glasses Settings

Tap the My Glasses module on the app homepage to access glasses settings.

Wear Detection starts and pauses glasses functions when putting on and taking off the glasses, respectively.

Check for firmware updates, change recording settings, and perform a factory reset to default settings.

AI Assistant

Say “Hey Glasses” to activate the glasses voice assistant.

Conversation logs will be stored under the AI tab on the bottom menu.

Photo analysis: Ask “what’s in front of me” and the glasses will take a photo, analyze the image, and provide a summary.

Photos and Videos

Photos and videos taken on the glasses will be visible in the app album. Tap the Photo icon on the bottom panel to access the album. Tap Import at the top of the screen to save all app photos and videos to your phone.

AI Translation

On the app homepage, tap AI Translate.

Select “1 to 1” to have the app listen to two speakers and provide a text translation for each language in the conversation.

Select “Listen” for the app to provide a text translation of a detected language into the target language.

FCC WARNINGS

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRABLE OPERATION

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

ADDITIONAL WARNINGS

- WARNING: To prevent fire or shock hazards, do not expose this unit to rain or moisture.
- WARNING : Where the mains plug or appliance coupler is used as the disconnect device, such disconnect device shall remain readily operable.
- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.

WARNING : Risk of cancer and reproductive harm from exposure to DEHP.

Charging Contacts

Attachments

Follow the Diagrams below for accessory attachment instructions.

Lenses

Volume Enhancers

Charging the Battery

Using the contact charging cable (included), connect the glasses to the USB port of a powered-on computer or USB power adaptor (not included) to charge.

Charge time approx. 2 hours.

Note: When the battery charge falls below 20%, data transfer to your phone will pause. Data transfer resumes after charging.

Pairing Bluetooth Devices

1. Power on the sunglasses. A voice will announce “Bluetooth,” when the unit is ready to pair. *When pairing, remain within 3 feet of the unit.*
2. Using the controls on your Bluetooth device, select **IABCG546** in Bluetooth Settings to pair. A voice will announce “Bluetooth is connected.” *If need be, refer to the user’s manual for your specific device for more information.*
3. When powered on again, the sunglasses will automatically pair with the last paired Bluetooth device.
4. To connect to a new device, turn off the sunglasses. In the settings of the previous Bluetooth device, forget the **IABCG546**.

CyanGlasses App Download

Scan the QR code below to download the companion CyanGlasses App. Or, search for “CyanGlasses” on the App store or Google Play Store.

Connect to the App

1. Open the app and follow the on-screen registration prompts.
2. Tap the Home icon, then tap Connect Device.
3. Select the IABCG546
4. A tone will sound, confirming the connection.
