Assembly Instructions for UTILITY CARTS

**CHECK FOR CONCEALED DAMAGE
FILE CLAIM WITH FREIGHT CARRIER**

Utility carts manufactured by **ADVANCE TABCO** are designed and constructed for applications including Food Preparation, Cooking, Manufacturing, Material Handling, Laboratory Service and the like. **ADVANCE TABCO** does not recommend product use for activities employing harsh and active chemicals. Consult factory regarding unusual applications.

CONTENTS

- (2) Tubular Handles
- (3) Shelves (Stainless Steel or Wire)
- (4) Casters
- (4) Rubber Bumpers
- (4) Plastic Tapered Split sleeves (Per Shelf)

TOOLS REQUIRED

Rubber Mallet

PLEASE NOTE: The following instructions are showing a Stainless Steel solid shelf being assembled. These instructions apply for assembling a Wire Utility Cart as well.

Step 1:

Position top shelf onto tubular handles.
(Figure 1)

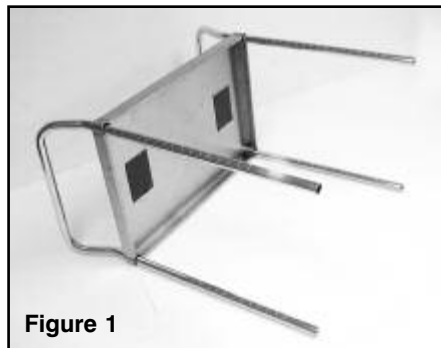

Figure 1

Step 2:

Position Plastic Split Sleeve at desired location (4) required and lower shelf onto split sleeve. (Figure 2)

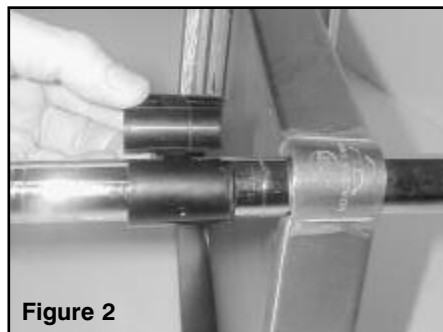

Figure 2

NOTE: Ensure each (4) split sleeves are located at the same height.

Step 3:

Repeat Step 2 for middle and lower shelf.
(Figure 3)

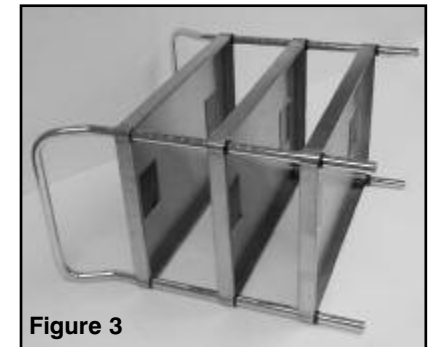

Figure 3

Step 4:

Place rubber bumper onto bottom of tubular handles.
(Figure 4)

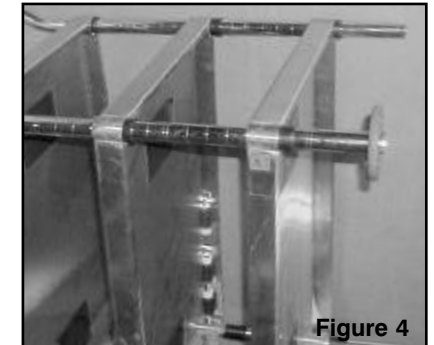

Figure 4

Step 5:

Install caster into the bottom end of each tubular handle (Use rubber mallet if required).
