⚠ WARNING ⚠

CHOKING HAZARD — This item contains small parts that can be swallowed. Keep children and pets away during assembly.

⚠WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.

ASSEMBLY

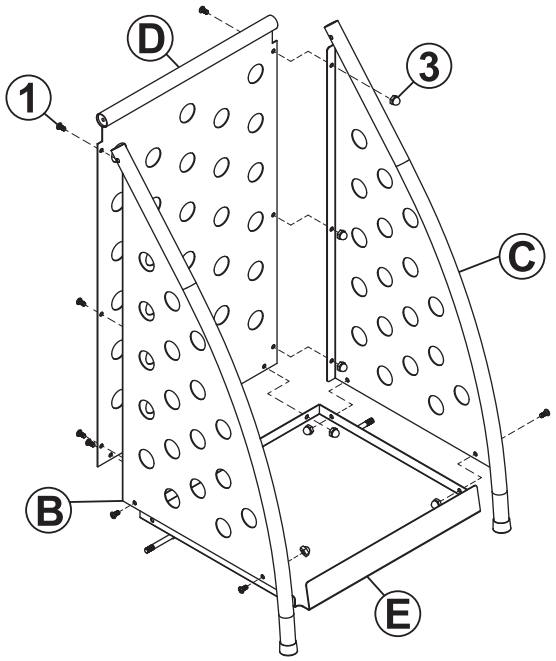

Review all steps and understand assembly before beginning.

Do not fully tighten hardware until instructed to do so.

STEP 1

B: 1
C: 1
D: 1
E: 1
1: 12
3: 12

NOTE: Install panels so the mounting lip(s) are on the outside of the unit.

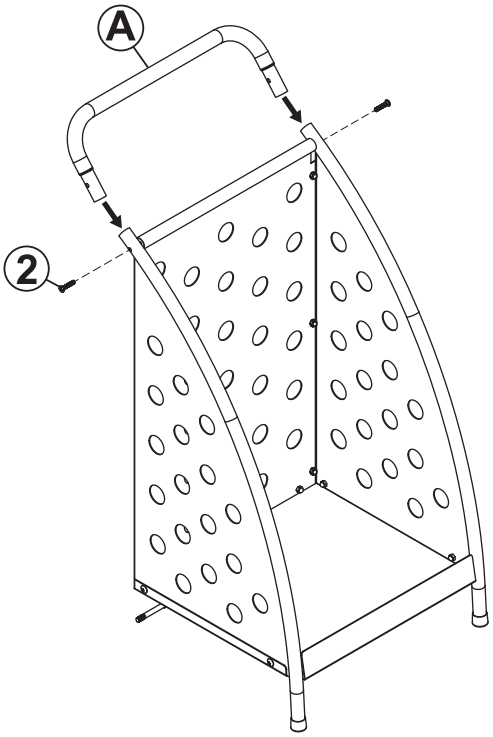

Align Back Panel (D), Left Panel (B), and Right Panel (C), on the inside of Bottom Panel (D) and loosely secure all components using M6x10mm Bolts (1) and Cap Nuts (3).

Do not fully tighten hardware until step 2 is complete.

STEP 2

A: 2
2: 2

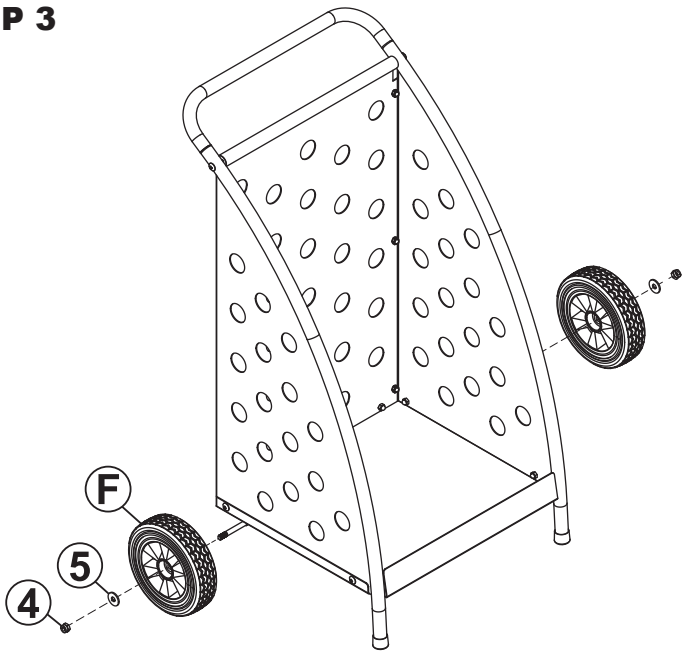

Insert Handle (A) into the side panels and secure using M6x30mm Bolts (2).

Fully tighten all bolts.

STEP 3

F: 2
4: 2
5: 2

IMPORTANT: Tools are required to fully tighten self-locking nuts, failure to properly tighten the lock nuts may result in product malfunction or personal injury.

Place Wheels (F) and Washers (5) on the axel.

Secure each wheel using Self-Locking Nuts (4).

Safety Precautions & Care

1. Do not exceed the weight or log capacity of the cart. The height of stacked wood must not exceed the height of the side panels.
2. Load the cart evenly, ensuring the heaviest part of the load is on the bottom of the cart. If the load in the cart is unbalanced or the load is too high it could possibly tip and cause injury and/or product damage.
3. Ensure the load is stable before attempting to move the cart. Wood may shift during transport; if the wood begins to shift, stop immediately and stabilize the load.
4. For best results, only use the cart on a flat surface.
5. Do not use the cart over rough ground, over curbs, stairs, etc. Use ramps whenever possible.
6. Take extra time and care when transporting wide loads.
7. NEVER allow people to ride on the cart.
8. NEVER park the cart on an incline. If parked on a slight incline, the wheels must be chocked.
9. NEVER alter the construction of the cart in any way, or use it for anything other than its intended purpose.
10. Use a soft cloth to wipe clean. Store in a clean, dry place when not in use.
11. To protect the integrity of the item, cover when not in use. Cover not included.
12. The powder coating on this unit is tough and durable, however, scratches are inevitable (even under normal use). To avoid rust, keep scratched areas dry. Scratches can be repaired with a rust-resistant paint (not included).

WARNING: THE ONE-YEAR WARRANTY DOES NOT COVER DAMAGES OR DEFECTS CAUSED BY THE APPLICATION OF CHEMICAL TREATMENTS, PROTECTIVE COATINGS, TOUCH-UP PAINT, OR CLEANING PRODUCTS.

⚠ SAFETY STATEMENTS & WARNINGS ⚠

- Do not overload the log cart.
- Ensure fittings are tight before use. Periodically check and tighten hardware as necessary.
- Protect the unit from outdoor elements with a cover. Cover not included.
- Do not allow children to play with, on, or around the log rack.
- Keep unit a safe distance from heat sources such as, but not limited to, fire pits and fireplaces.
- Never transport or store flammable liquids (gasoline, kerosene, propane, etc.) on this unit.

Any modification to the product or failure to follow recommended care will void the product warranty.

If you experience issues with assembly or the product was damaged during shipping, please contact our customer service team through one of the methods mentioned at the top of page 1.

Please have the item number and order information ready to expedite response time.

⚠WARNING!
