INSTRUCTIONAL GUIDE

R2 BLUETOOTH MULTIMEDIA REMOTE CONTROL

1. Power on the remote using the bottom switch.

2. Enter pairing mode by press and holding the remote's Bluetooth button for ~6 seconds.
The light will start flashing

3. Select "R2 Remote" when it appears in your host device's Bluetooth settings to connect and finish the pairing process.

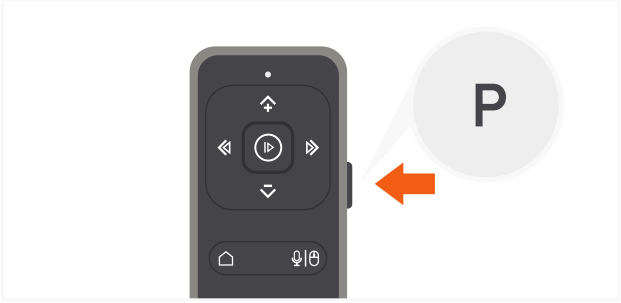

4. Supports Apple Music, Spotify, Pandora, YouTube* while in Multimedia mode.
*YouTube app does not support fast-forward/rewind, in-browser use is supported

5. Supports PowerPoint, Keynote, Prezi, Google Slides, PDF while in Presentation mode.
PowerPoint requires a valid Office365 subscription

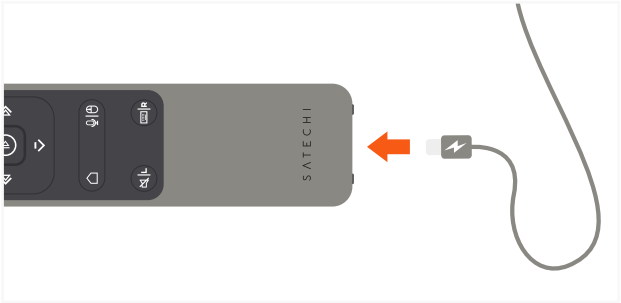

6. Enable the on-screen laser feature within PowerPoint or Keynote settings with the remote in Presentation mode (P).
See instructions in Enabling On-Screen Laser guide

7. After ten minutes of inactivity, the remote will go into sleep mode. Press any button to wake.

8. To recharge the remote, connect to a powered USB-C port using the included cable. Flashing red light indicates low battery.
Red light will turn green when fully charged

COMPATIBLE WITH MAC & IOS DEVICES (2012 & NEWER)
