Unique Elements:

- Fast & even heating: heats up quickly—reaching warm temperatures in just 5 minutes
- Adjustable temperature range from 122°F - 248°F
- Large 20L Capacity: Accommodates up to three large bath towels or multiple smaller towels
- Choose from 30, 60, 120, or 240-minute heating cycles to customize warmth
- Simple, One-Touch Operation: Features an intuitive button control for effortless use

Features:

- Double-walled lid stays cool while retaining heat
- Made from high-temperature-resistant materials
- Equipped with overheat protection and automatic shut-off
- Delivers safe, consistent warmth that fully envelops towels and robes
- Simply place towels inside, select the desired time, close the lid, and secure the safety latch for worry-free operation
- Easy to carry and energy-efficient
- Includes a lemon-scented disc for a fresh, spa-like experience
- Ideal for use in bathrooms, spas, hot tubs, pool houses, salons, baby care areas, or bedrooms
- Perfect for spa-like towels after a bath, chilly mornings, or cozy nights

What's in the Box:

- Towel Warmer
- Scent Disc

Technical Specs:

- Construction Materials: PP and Stainless steel
- Capacity: 20 liters
- Weight Capacity: 110.2 lbs.
- Temperature Range: 122°F - 248°F (50°C - 120°C)
- Heat-Up Time: Approx. 5 minutes to warm / 30 minutes to max temperature
- Heating Technology: Heating wire
- Timer Settings: 30, 60, 120 or 240 minutes
- Control Type: Push button
- Safety Features: Overheat Protection and Auto Shutoff
- Power Output: 120V AC
- Power Supply: 450 W
- Lid Type: Hinged cover
- Power Cord Length: 5.91 feet
- Package Weight: 9.5 lbs.
- Item Weight: 7.94 lbs.
- Product Dimensions (L x W x H): 11.2 x 11.1 x 18.2 inches

FCC Information

CAUTION: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This product may not cause harmful interference.
2. This product must accept any interference received, including interference that may cause undesired operation.

Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception (which can be determined by turning the product off and on), the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the distance between the product and receiver.
- Connect the product to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for assistance.

California Prop 65 Warning

WARNING:

This product may expose you to chemicals, which is known to the state of California to cause cancer, birth defects and other reproductive harm. Do not ingest.

Safety Instructions

Please read the following instructions carefully before using your device.

Please retain these instructions for future reference!

WARNING: To reduce the risk of fire, electric shock, or serious personal injury when using the appliance, observe the following basic precautions:

FOR HOUSEHOLD USE ONLY.

- Always unplug the product from the electrical outlet immediately after use.
- Do not use the device for anything other than its intended use.
- Do not place or store the device where it can fall or be pulled into a tub or sink.
- Do not place or drop the device into water or other liquids.

DO NOT IMMERSE IN WATER.

- Do not reach for the product if it has fallen into water. Unplug it immediately.
- Care should be taken so that objects do not fall into and liquids are not spilled onto the device.
- The device should never be left unattended when plugged in.
- Close supervision is necessary when this device is used near children or disabled persons.
- Never operate the device if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or immersed in water.
- Keep the cord away from heated surfaces. Do not wrap the cord around the exterior of the device or let the cord hang over a table or counter edge.
- Do not use outdoors.
- Do not alter the safety plug or use an extension cord with this device.
- Do not operate with a voltage converter.
- Do not touch hot surfaces.
- Do not use accessory attachments not recommended by the manufacturer, as this may cause injuries.

Setup and Operation

1. Open the lid and remove all packaging contents.
2. Place the Towel & Blanket Warmer on a hard, dry, and level surface.
3. Insert the power cord into an electrical outlet.
 - **NOTE:** This unit features a 3-prong grounding plug. To reduce the risk of electric shock, plug it into a grounded electrical outlet.
 - **WARNING:** The rated voltage is 120V. Do not plug into 220–240V outlets.

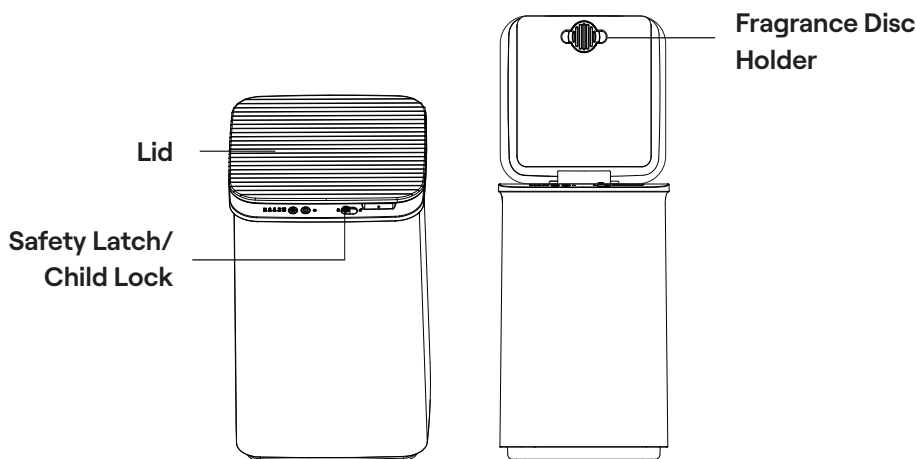

Tips for Best Results

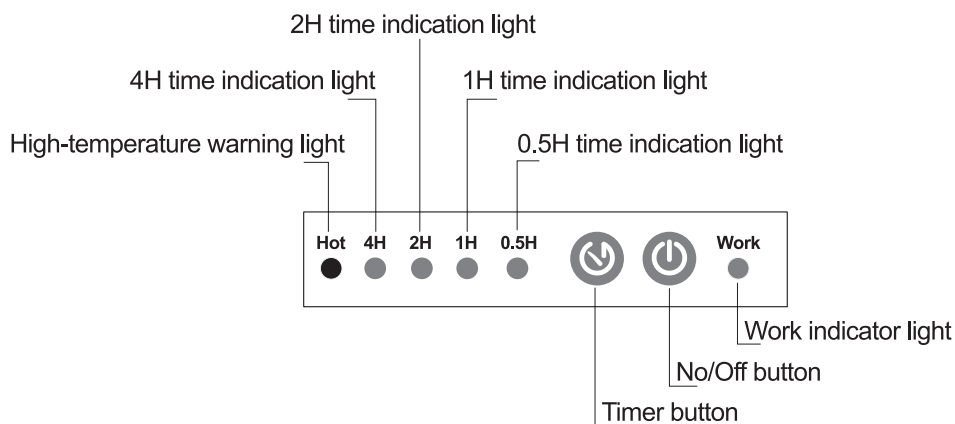

1. Use cotton or cotton-blend fabrics only.
2. For fast, even heating, loosely pile one towel inside. Tightly rolled or folded towels will take longer to heat.
3. Use only with DRY fabrics. Do NOT use with damp or wet articles.
4. Avoid delicate fabrics that cannot withstand high heat (any fabric labeled "cool iron").
5. Keep the lid closed once the cycle begins to prevent heat loss.
NOTE: Condensation on the lid and interior is normal.
6. The Fragrance Disc may warp over time due to heat.
7. The scent can last up to two years at room temperature, but heat will decrease its longevity. Replace the disc when the scent is no longer noticeable.

Usage Warnings

- Before plugging in, ensure the power cord is undamaged.
- Do not plug in or unplug the device with wet hands.
- Do not stand or sit on the product.
- When moving the product, do not pull by the power cord or drag the unit.
- Do not allow children or pets to play with the product.
- Do not use in damp environments to avoid electric shock.

Product Overview & Components

Fragrance Disc Instructions

The fragrance disc is designed for users who enjoy aromatherapy while warming towels.

1. Remove the fragrance disc from its sealed plastic bag.
2. Slide it into the fragrance disc holder located on the underside of the lid.

Operating Instructions

1. Connect the power cord to a 120V socket.
2. Push the button to the right to open the cover, insert the towel, and briefly press the power button to turn it on.
3. The Work Indicator Light and the 0.5-hour Indicator Light will illuminate, indicating the unit is heating.
4. Briefly press the Timer Button to cycle through heating times (0.5H – 1H – 2H – 4H – 0.5H). The corresponding indicator light will turn on.
5. **To Reset:** Once heating has started, if you need to change the time, press and hold the power button to turn off the device. Then, briefly press it again to turn it on and select your new settings.
6. **Close the lid to heat the items.**
 - When the internal temperature is below 122°F, the High-Temperature Warning Light will remain off.
 - When the internal temperature exceeds 122°F, the High-Temperature Warning Light will turn red.
 - **CAUTION:** When the warning light is red, the interior is hot and should not be touched.

Care and Maintenance

Cleaning:

Ensure the power is off and the plug is removed. Wipe the exterior with a soft, dry cloth.

Internal Safety:

Do not wash the product with water. Do not spray water or any liquid into the interior of the device.

Storage:

Sweep off dust and keep the device clean. Store in a cool, dry place out of reach of children. Avoid contact with sharp objects that could damage the surface.
