Parts List

qty	description
2	braces
2	machine screws
2	lock washers
6	flat washers
6	lock nuts
1	angle bracket
1	drainboard

1 Legs

If legs are not already installed under the sink, install the legs into the leg gussets. Attach brace to a leg gusset with lock washers and machine screws included. Repeat with remaining brace and leg gusset.

2 Angle Bracket

Mount the drainboard to the sink so that the angle bracket catches tightly under the end panel roll of the sink, and that the drainboard flange goes over the top of the end panel roll.

Note: Ensure angle bracket is attached to drainboard with 4 flat washers and 4 lock nuts.

3 Brace

Determine the desired pitch of the drainboard and mount the brace to the appropriate threaded stud with flat washers and lock nuts included.

Installation is complete.
