- Marine Grade Waterproof & Weather-Resistant Design
- Universal Fit, Compatible with Virtually All Traffic Cones
- For Indoor / Outdoor Use
- \*Compatible / Interlocking with Multiple Units, Sold Separately  
(Pyle Model: PCNTP16)

### Technical Specs:

- Retractable Belt Length: Extends Up to 10' ft.
- Retractable Belt Height: 1.9" -inches
- Construction Materials: Engineered ABS Housing, Nylon Fabric Barrier Belt
- Total Unit Size (L x W x H): 3.5" x 3.5" x 9.1" -inches

The **PCNTP16 Traffic Cone Emergency Belt** is designed to fit most standard traffic cones, providing a quick and effective way to restrict access to various areas. It is ideal for use in construction sites, worksites, roadside maintenance, engineering applications, and anywhere temporary barriers or restricted access is needed.

The cone topper allows for connection on all four sides.

## Instructions for Use

1. Choose a standard traffic cone that is compatible with the **PCNTCP16** Cone
2. Position the **PCNTCP16** on top of the traffic cone, ensuring a secure fit.
3. The cone topper features connectors on all four sides. Connect additional cone toppers or other barriers as needed to create a continuous barrier.
4. Once the cone topper is securely in place, it provides a visible barrier to restrict access to the designated area.

## Maintenance and Care

1. Inspect the cone topper regularly for any signs of damage or wear.
2. Clean the cone topper as needed with mild soap and water.
3. Store the Traffic Cone Emergency Belt in a dry, indoor location when not in use to prolong its lifespan.

## Safety Precautions

1. Ensure that the traffic cone and Traffic Cone Emergency Belt are placed in a visible location to alert individuals of restricted access.
2. Follow all safety guidelines and regulations when using the Traffic Cone Emergency Belt in construction sites or other work areas.

### California Prop 65 Warning
