

Instructions for use of LED-D1500 flat lamp

Please read this instruction manual before using it.

Appearance function description

1. Power Socket
2. ON / OFF Switch
3. Display Screen
4. Color Temperature Adjustment Button
5. Brightness Adjustment Button

Supplementary note, dual color temperature remote control

1. Light on
2. Light off
3. Night light: 33% brightness
4. Pairing: remote control and light matching key
5. CCT +
6. CCT -
7. Brightness +: brightness increase
8. Brightness -: brightness decrease
9. Warm yellow light (3200K)
10. White light (5600K)
12. Neutral light
11. Invalid key

Specifications

Model No	LED-D1500	Illuminance	5500 Lux
Color Temperature	3200-5600K	Voltage	100-220V
Color Rendering Index	Ra≥95+	Line Length	4M
Brightness Control	5% - 100%	Height of Lamp Stand	80-280 CM
Maximum Power	150W		

**Remarks: The dimensions are measured manually.
Please forgive the errors.**

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
