HOW TO USE

01.FITTING

- Your Groovz Earbuds come with three sizes of ear tips: **small**, **medium**, and **large**. We recommend trying each size to find the most comfortable and secure fit.
- A proper fit should feel snug without discomfort and stay in place during everyday movement. It also helps deliver the best sound quality and noise isolation.

02.POWERING ON/OFF

POWERING ON (AUTO MODE)

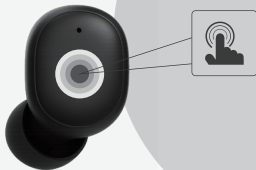

- Open top cover of the charging case.
- Remove earbuds from case. The headset automatically starts and will enter pairing mode.

05

POWERING ON (MANUAL MODE)

- The earphones are not in the charging compartment and the earphones are off. Long press the left and right earphones for 3 seconds to turn them on.

06

POWERING OFF (AUTO MODE)

- Place the earphones into the charging compartment and close the cover. They will automatically shut down and begin charging.

POWERING OFF (MANUAL MODE)

- When the headset is connected, press and hold either headset for 5 seconds to turn it off.

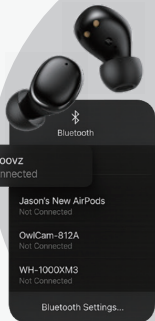

07

03. BLUETOOTH PAIRING

- Take the earphones out of the charging bin.
- Turn on Bluetooth on your device.
- Find the headset Bluetooth name [GROOVZ].
- Click "Connect." Voice reminder will confirm successful connection.

Note: If previously paired, the headset will reconnect automatically within 2-4 seconds. If not connected, the headset will shut down after three minutes of standby.

08

04.CHARGING YOUR HEADPHONES

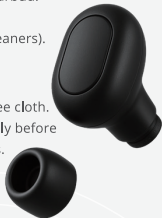

- To charge the case, connect the included USB-C cable to a power source. The LEDs will light up to show charging progress.
- **For the best performance, keep your earbuds and case fully charged before use.**

09

CLEANING YOUR EARBUDS

- Gently pull the ear tips off each earbud.
- Rinse the ear tips with water only (do not use soap or household cleaners).
- Wipe them with a soft, dry, lint-free cloth.
- Allow the ear tips to dry completely before reattaching them to your earbuds.

TROUBLESHOOTING

HAVING TROUBLE PAIRING YOUR GROOVZ EARBUDS?

- **Ensure Bluetooth Is On:** Confirm Bluetooth is enabled on your smartphone, tablet, or computer.
- **Check Earbud Battery:** Place the earbuds in the case and check the LED indicators to ensure they are charged.
- **Charge the Case:** Connect the charging case to power if the battery is low.
- **Restart Your Devices:** Restart your device (phone, tablet, etc.) and your earbuds.

RE-PAIRING STEPS:

- **Forget the Device:** Remove the earbuds from your device's Bluetooth list (this is often called "forget" or "unpair").
- **Restart Bluetooth:** Turn Bluetooth off and back on again on your device.
- **Re-Pair the Earbuds:** Place the earbuds in pairing mode and attempt to pair again.

PRECAUTIONS FOR USE

- Store headphones in a dry, ventilated environment. Avoid contact with oil, water vapor, and steam.
- Avoid cleaning with irritating, organic solvents or materials containing these ingredients.
- Use the headset according to the provided specifications, and avoid exposing it to environments that could affect performance like moisture, dust, or extreme heat.
- To ensure smooth connection, it is recommended that the distance between the mobile phone and the earphone be within 10 meters.

- If the earphone fails to connect or communicate properly, do not dismantle the earphones without permission. The device and its accessories are not guaranteed otherwise.
- To charge the earphones, please use the standard car charger or the one specified by our company.
- Keep the earphones sufficiently charged to ensure normal operation.
