# 1. IMPORTANT SAFETY INSTRUCTIONS

## WARNING

**To reduce the risk of fire or injury:**

**All the safety and operating instructions should be read before use and should be followed to avoid injury, fire, electric shock, property loss, and other risks.**

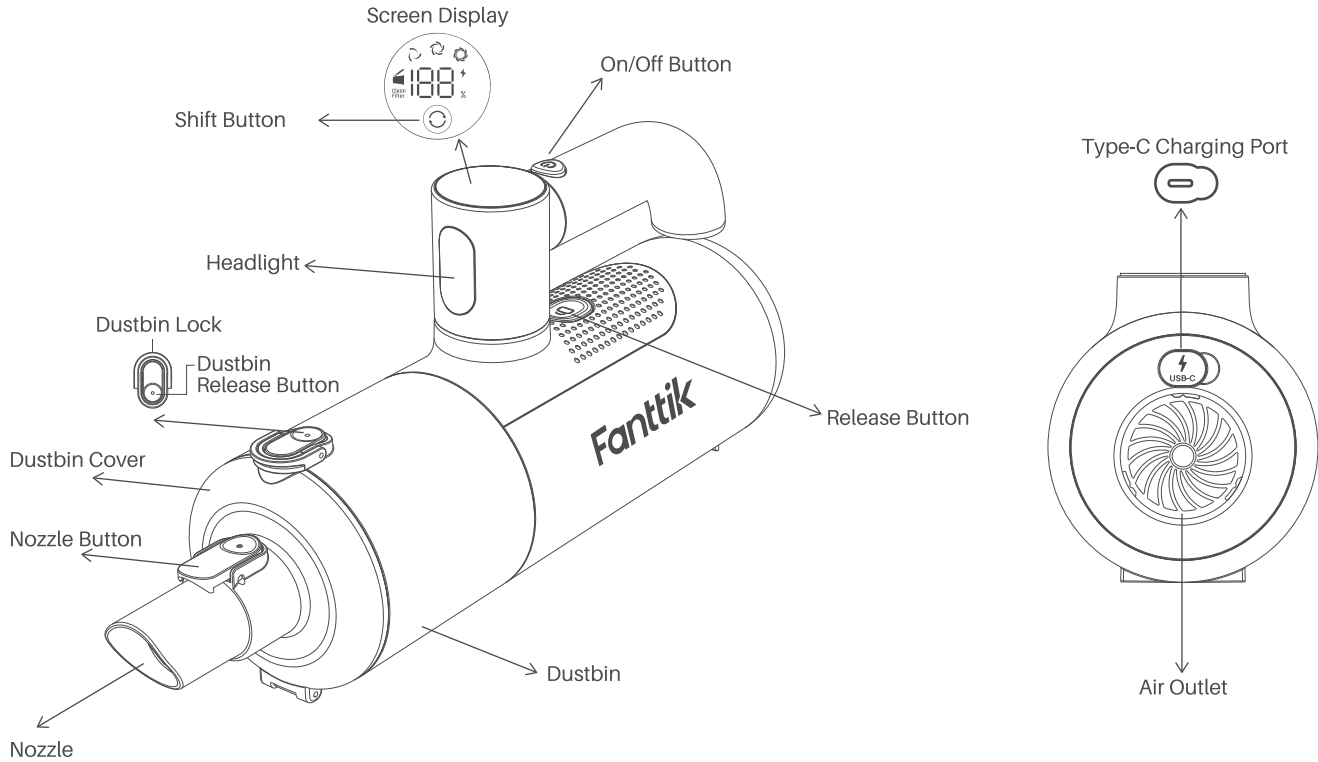

1. This product is intended for household and car use only.
2. This product contains an internal battery. To prevent overheating, fire, or explosion, do not expose the device to fire or excessive heat. Do not charge, use, or store the device in high-temperature environments, including inside a car.
3. It is recommended to charge, use, or store the device at temperatures between 32°F and 104°F (0°C and 40°C).
4. For safety, do not use this device if you have reduced physical, sensory, or mental capabilities.
5. Children must not use, clean, or play with the device.
6. Do not operate the device with wet hands to avoid injury.
7. Do not use this device to vacuum up any liquid such as water and cola.
8. Do not vacuum burning or smoking materials, such as cigarette butts, matches, or hot ashes.
9. Do not vacuum hard or sharp objects, as they can cause injury during dustbin cleaning.
10. Do not use scented products on this device, as they may contain flammable chemicals that could cause a fire.
11. Do not attempt to modify or repair the internal battery.
12. Do not use the device in heated or humid places, such as near heaters or in bathrooms.
13. When this device reaches the end of its service life, dispose of it at a recycling location, as the internal battery cannot be removed.
14. If the power cord is damaged, stop using it immediately.
15. If the device will not be used for an extended period, unplug the power cord after a full charge and store it in a cool, dry place. Recharge the battery at least once every three months to prevent performance loss.
16. When transporting the device, use the original packaging and ensure it is turned off.
17. Always unplug the device from the power outlet when not in use and before performing any maintenance.
18. Keep the device and its cord away from children. Adult supervision is necessary when the device is used near children.

19. Use the device only as described in this manual and only with attachments recommended by the manufacturer.
20. If the appliance malfunctions, or if it has been dropped, damaged, left outdoors, or exposed to water, return it to a service center for inspection.
21. Do not pull or carry the device by its power cord, use the cord as a handle, pinch the cord in a door, or pull it around sharp edges or corners.
22. Keep the cord away from heated surfaces.
23. Never insert any object into openings or use the device if any opening is blocked.
24. Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
25. Use extra care when cleaning on stairs. Do not use the device to blow or in the presence of flammable or combustible liquids, such as gasoline.
26. Do not use without the dust bag and/or filters in place.
27. Prevent unintentional starting. Ensure the switch is in the off-position before picking up or carrying the appliance. Accidents can occur if the device is carried with your finger on the switch or plugged in while the switch is on.
28. Recharge only with the charger specified by the manufacturer.
29. If the battery is damaged and leaks liquid, avoid contact. If contact occurs, flush with water immediately. If battery liquid gets into the eyes, seek medical attention in addition to flushing. The liquid can cause irritation or chemical burns.
30. Do not use a battery that is damaged or modified. Damaged or modified batteries may exhibit unpredictable behavior resulting in fire, explosion, or risk of injury.
31. Do not expose a battery pack or appliance to fire or excessive temperature. Exposure to fire or temperature above 130°C may cause explosion.
32. Follow all charging instructions and do not charge the appliance outside of the temperature range specified in the instructions. Charging improperly or at temperatures outside of the specified range may damage the battery and increase the risk of fire.
33. Have servicing performed by a qualified repair person using only identical replacement parts. This will ensure that the safety of the product is maintained.
34. Do not modify or attempt to repair the appliance except as indicated in the instructions for use and care.
35. Use only with Listed/Certified Information Technology (Computer) Equipment, or a Listed/Certified ITE Power Supply, or a Listed Class 2 Power Unit.
36. This appliance contains batteries that are non-replaceable.

## SAVE THESE INSTRUCTIONS

Please save the safety and operating instructions. We assume no responsibility for your property loss caused by improper use.

## 2.PRODUCT OVERVIEW

### 3. PACKAGE CONTENTS

Vacuum cleaner Body X 1
