Safety Warnings and Precautions

- Adult supervision is recommended during use.
- Do not climb or hang on the hoop or poles.
- Ensure the base is properly filled for stability.
- Use only the included balls and accessories.
- Place the set on a flat, level surface.
- Keep hands clear of moving or adjustable parts.
- Do not use during strong winds or severe weather.

PARTS LIST

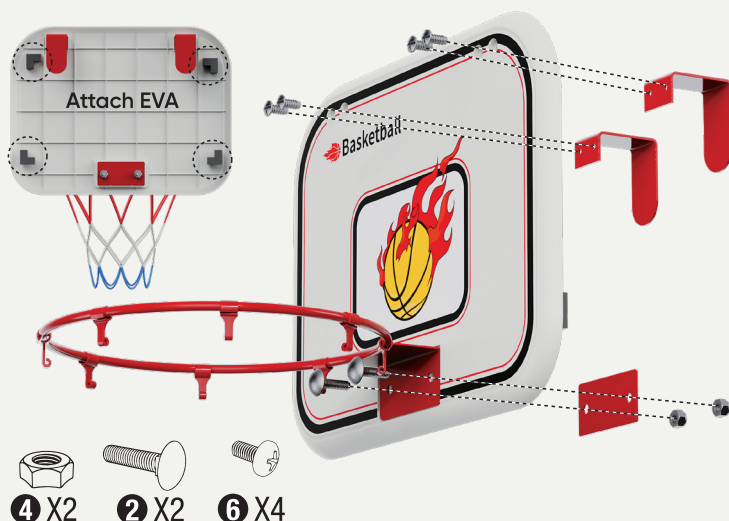

ASSEMBLY

Step 1 – Install the Backboard

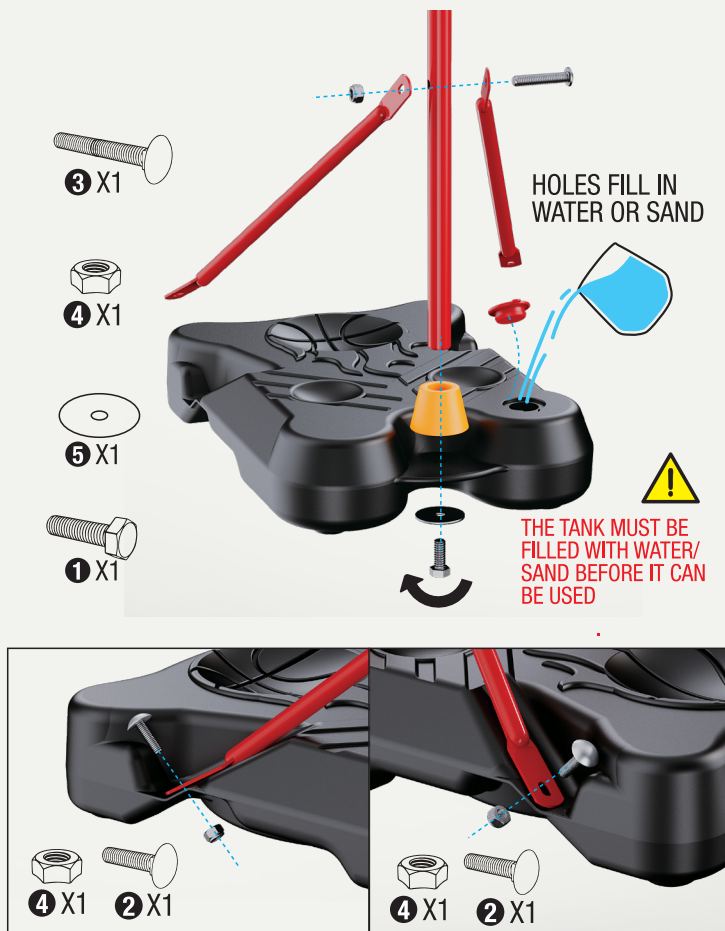

1. Position the basketball backboard face down on a flat surface.
2. Attach the EVA back pads to the backboard mounting area.
3. Align the rim bracket with the backboard holes.
4. Insert the screws through the rim bracket and backboard.
5. Secure using the iron gasket and locknuts.
6. Tighten firmly using the included open-end wrench.

Step 2 – Install the Basketball Rim and Net

1. Attach the basketball rim to the mounted bracket.
2. Secure with the provided screws and locknuts.
3. Attach the nylon net evenly around the rim hooks.

Step 3 – Base Installation

1. Place the base upside down on a flat surface.
2. Insert the pole assembly into the base cup.
3. Secure the base cup using the provided screws.
4. Turn the base upright once fully secured.

Step 4 – Fill the Base with Water

1. Locate the water fill hole on the base.
2. Slowly fill the base with clean water for stability.
3. Insert and tighten the water plug securely.

Warning:

The base must be filled with water for safe use. Sand or water may be used if specified by the retailer.

Step 5 – Assemble the Support Poles

1. Connect the basketball poles together in order.
2. Insert the extension rod and support tubes as shown.
3. Secure each joint using the iron pipe clamps.
4. Install the height adjustment knobs but do not fully tighten yet.

Step 6 – Attach the Backboard to the Pole

1. Align the assembled pole with the backboard support bracket.
2. Insert the support tube into the backboard mount.
3. Secure using screws and locknuts.
4. Tighten all fasteners securely.

Step 7 – Basketball Hoop Assembly

Configure the stand for a classic basketball game.

Pole Connection:

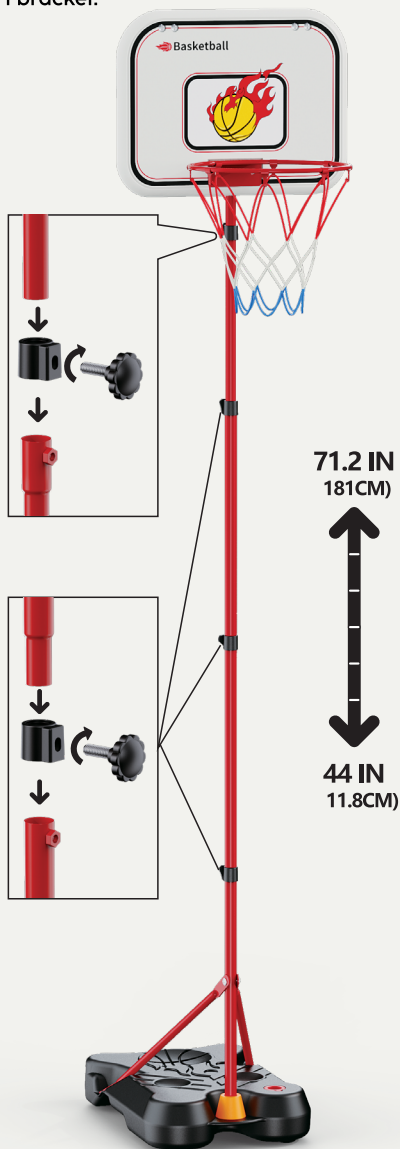

Slide the upper pole sections into the lower support poles.

Secure with knobs:

Place the plastic locking collars over the joints. Insert the adjustment knobs and turn clockwise until tight.

Height Adjustment:

The hoop height is adjustable from 44 inches (111.8 cm) to 71.2 inches (181 cm). Loosen the knobs to slide the poles to your desired height, then re-tighten.

Hanging Baseball Tee Setup

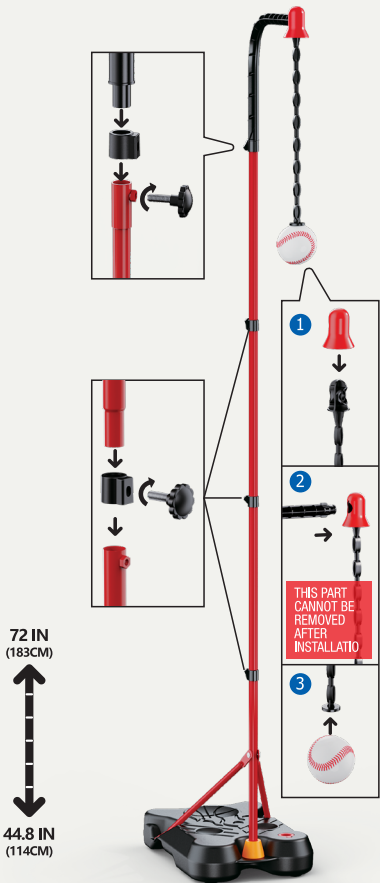

Perfect for practicing your swing with a stationary, suspended ball.

- **Arm Installation:** Attach the curved "L-shaped" arm to the top of the pole system.
- **Suspension:** Attach the tethered ball assembly to the hook at the end of the arm.
- **Important Note:** This part cannot be removed after installation. Ensure the arm is oriented correctly before snapping it into place.
- **Height Range:** In this mode, the height is adjustable from 44.8 inches (114 cm) to 72 inches (185 cm).

Traditional Tee Ball Setup

Convert the stand into a standard batting tee.

- **Tee Attachment:** Remove the basketball backboard or hanging arm. Insert the black rubberized tee topper into the top of the red support pole.
- **Bat Assembly:** Connect the white handle to the blue bat barrel by twisting them together until secure.
- **Positioning:** Place the baseball on top of the rubber tee and adjust the pole height to match the player's waist level.

Hanging Baseball Tee Setup

Traditional Tee Ball Setup

Over-the-Door Basketball

Enjoy indoor play without the base and poles.

- **Bracket Attachment:** Slide the door-hanging brackets onto the back of the basketball backboard.
- **Mounting:** Lower the brackets over the top of any standard-sized door. Ensure the backboard sits flush against the door surface.
- **Safety Tip:** Ensure the door is fully closed or securely latched before play to prevent the board from shifting.

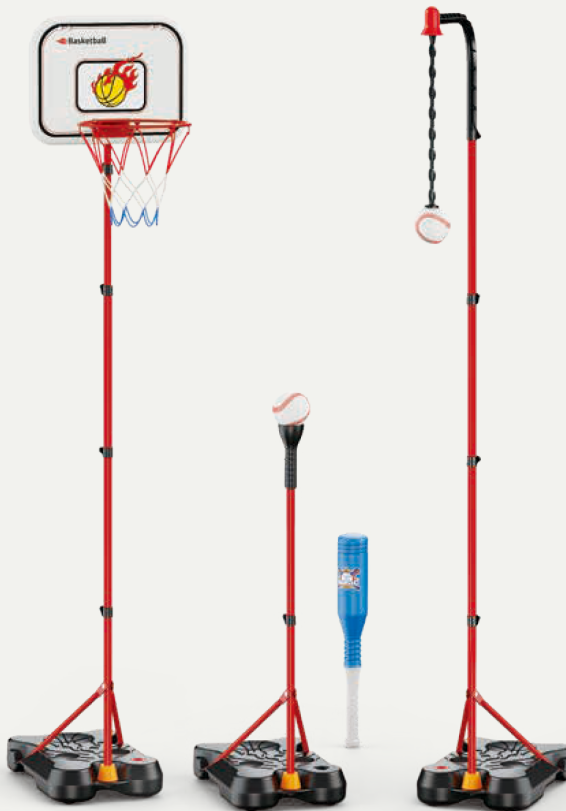

Safety & Maintenance

Base Stability: For safety, fill the base with water or sand (if applicable) to prevent the unit from tipping during play.

Adult Assembly Required: Small parts and adjustment knobs should be handled by an adult.

Storage: When not in use, store the set in a dry place to prevent weather damage to the netting and plastic components.
