PRODUCT ASSEMBLY

TIPS: Kind reminder: Please align the card slot first before sliding into the modules. Hearing a 'click' sound indicates that the installation is in place. Adult Assistance Recommended: Young children should have adult assistance during assembly.

PRODUCT DISASSEMBLY

IMPORTANT: Always remove the center disk first before sliding out the modules. Do not use excessive force. Improper disassembly may damage the product. Repeated disassembly following assembly is not recommended, as it may cause damage to components.

WALL INSTALLATION

RECOMMENDED WALL SURFACES: Ceramic Tile, Marble, Smooth Wood. NOT RECOMMENDED: Painted Wall, Rough Concrete, Glass/Plastic. Important note: Do not recommend & prohibited cases: Harsh wall and rough corners will have weak adhesion. The product may fall off during use and slight damage may occur after removal. Do not install directly on surfaces such as glass and mirrors. Impact force may cause cracking and safety risks. Please use the 3M tape and foam pad before attaching the hook-and-loop fastener.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
