Attentions

What should I do if Bluetooth cannot be connected? (Failed to connect / reconnect or slow connection /reconnect)

1. Please confirm whether the mobile phone supports (IOS12.0 or Android 9.0 or above, mobile phones or tablet products with Bluetooth 5.3).
2. Due to the problem of signal interference in the Bluetooth wireless connection, the connection time may be different every time. If you cannot connect for a long time, please make sure to connect in a place where there is no magnetic field or too much Bluetooth device interference.
3. Turn off the phone's Bluetooth and then turn it on.
4. Clear the phone background application or restart the phone.
5. Do not connect your phone to other products of the same type at the same time.
6. Whether the App is still running in the background, if it is not running in the background, it cannot be connected.

Can't find the watch?

Because the Bluetooth radio of the watch is not searched by the mobile phone, please make sure that the watch is powered on and activated, and it is not connected to other mobile phones. Put the watch close to the mobile phone and search again. If it is still invalid, turn off the Bluetooth of the mobile phone for 20 seconds then restart Bluetooth and search again.

Should the Bluetooth connection be always on? Will there be any data if it is closed?

Before synchronizing the data, exercise and sleep data will be kept on the wristband host. When the mobile phone and the watch Bluetooth are successfully connected, the watch will automatically upload data to the mobile phone, but the data stored by the watch is limited, and only about one week of Bluetooth data can be stored. When the space is full, the earliest data will be automatically overwritten to generate the latest data, so please sync the watch to your phone in time. Remarks: If you turn on the incoming call and SMS reminder function, you need to keep Bluetooth connected, and the alarm reminder supports offline.

What should I do if the watch cannot be charged?

1. Please confirm whether the direction of the charging stand is correct and whether the charging clip is in good contact with the watch.
 2. When the watch power is lower than 3.6V, there will be a period of battery precharge time.
- Remarks: After plugging in the charger, it will immediately enter the charging state. If there is no display, it will take 3-5 minutes to enter the charging state.

Will wear the watch for a long-time cause harm to the human body?

The radiation of the equipment is far lower than the FCC standard of the United States, and it is basically negligible.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID: 2BFD8-PBTW299

90 day Warranty

This product is warranted to be free from defects in material and workmanship for a period of ninety (90) days from the date of original purchase. During this period, your exclusive remedy is repair or replacement of this product or component found to be defective, at our option; however, you are responsible for all costs associated with returning the product to us. If the product or component is no longer available, we will replace with a similar one of equal or greater value. Prior to a replacement being sent, the product must be rendered inoperable or returned to us.

This warranty does **not** cover glass, filters, wear from normal use, use not in conformity with the printed directions., or damage to the product resulting from accident, alteration, abuse, or misuse. This warranty extends only to the original consumer purchaser or gift recipient. Keep the original sales receipt, as proof of purchase is required to make a warranty claim. This warranty is void if the product is used for other than single-family household use or subjected to any voltage and waveform other than as on the specified rating on the label (e.g., 120V-60Hz).

We exclude all claims for special, incidental, and consequential damages caused by breach of express or implied warranty. All liability is limited to the amount of the purchase price. **Every implied warranty, including any statutory warranty or condition of merchantability or fitness for a particular purpose, is disclaimed except to the extent prohibited by law, in which case such warranty or condition is limited to the duration of this written warranty.** This warranty gives you specific legal rights. You may have other legal rights that vary depending on where you live. Some states or provinces do not allow limitations on implied warranties or special, incidental, or consequential damages, so the foregoing limitations may not apply to you.
