

WX8

True wireless earbuds

QUICK START GUIDE

Please note that the **WX8** model comes with protective film on both earbuds intended for presale protection. Please remove this film prior to using the earbuds.

HOW TO PAIR

1. Open the case lid and take the earbuds out of the case. The white LEDs will light up on both earbuds and, a few seconds later, the white LED will start flashing on one of the earbuds.
2. Activate Bluetooth on the device, scan/search for **TREBLAB WX8**, and click **CONNECT**.
3. If prompted by your device to connect, select Yes.
4. You will hear the "Connected" voice prompt indicating that the earbuds are connected. The LED will start flashing every 5 seconds on both earbuds.
