Manufacturer

GB Safety instructions

Read the instruction manual carefully before using this device, especially the safety instructions, and keep the instruction manual for future use. Should you give this device to another person, it is vital that you also pass on these instructions for use.

- Use the device only according to its intended purpose as specified in the instruction manual. The warranty will be invalidated if the device is used for purposes other than those for which it is intended.
- The scale has been manufactured for domestic use. It is not suitable for commercial use in hospitals or other medical institutions.
- Do not use the device if it is not working correctly, if it has been dropped or has fallen into water or has been damaged.
- The scales have a measuring range up to 5 kg. Do not overload the scales.
- Place the scales on a firm, level base. Soft, uneven surfaces are unsuitable for the measuring process and lead to incorrect results.
- Do not use the scale in a location where extremely high temperatures or humidity may occur.
- Keep the scale away from water.
- Handle the scale with care. The scale must not be subjected to impacts or vibration. Do not drop the scale.
- Do not attempt to dismantle the scale, otherwise the warranty will be invalidated. This unit contains no user-maintainable or user-replaceable parts.
- Do not attempt to repair the device yourself in the event of a malfunction since this will invalidate the warranty. Repairs should only be carried out by authorised service centres.

Battery safety instructions

- Do not disassemble batteries!
- Remove discharged batteries from the device immediately! Increased risk of leakage!
- Avoid contact with skin, eyes and mucous membranes! If battery acid comes in contact with any of this parts, rinse the affected area with copious amounts of fresh water and seek medical attention immediately!
- If a battery has been swallowed seek medical attention immediately!
- Insert the batteries correctly, observing the polarity!
- Always keep the battery compartment well closed!
- Remove the batteries from the device if it is not going to be used for an extended period!
- Keep the batteries out of the reach of children!
- Do not re-charge the batteries! **There is a risk of explosion!**
- Do not short-circuit the device! **There is a risk of explosion!**
- Do not throw into a fire! **There is a risk of explosion!**
- Store unused batteries in the packaging and not near metal objects to avoid a short circuit!

Scope of delivery

First, check whether the device is complete and is not damaged. If in doubt, do not operate the device and contact your service center.

The scope of delivery includes:

- 1 medisana Kitchen Scale **KS 100**
- 1 Instruction manual

Packaging is recyclable or can be recycled into raw materials. Please dispose of unwanted packaging material properly. If you notice any transport damage while unpacking, please contact your dealer immediately.

WARNING

Make sure that children do not play with the packaging foils. Risk of suffocation!

Insert/change batteries

The medisana Digital Kitchen Scale KS 100 is directly ready to use, as the batteries are already inserted into the device. Before you can use the scales, you need to remove the insulation sheet from the battery compartment 2 on the underside of the device. Change the batteries if the battery change symbol "Lo" appears on the display 1 or if nothing is shown on the display after the unit has been operated. Remove the screw and open the battery compartment 2 on the underside of the device. Insert one 3V CR2032 battery into the compartment. Pay attention to the polarity (illustration in the battery compartment). Replace the battery compartment cover and push it in so that it clicks into place.

Initialise scale

1. Make sure that the scale is on firm and level ground.
2. Switch the scale on by touching the ON/OFF button 5.
3. Switch off the scale by touching and holding the ON/OFF button 5 for a few seconds.
4. After approximate 2 minutes of non-usage, the device will automatically switch off.

Simple weighing

1. Touch the ON/OFF button 5 and wait, until the display shows "0".
2. Put the item(s) to weigh on the weighing surface 4. The weight will be shown in the display 1.

Tare function

1. If you want to weigh items in a container, the container should be placed on the weighing surface 4 and delete the weight of the container by touching the "TARE" button 5. The display will show "0".
2. Now add the item to weigh. The weight will be shown on the display 1. Touch the "TARE" button 5. The display 1 will again show "0". Now you may add the next item to weigh. You may repeat this procedure several times as desired.

Change the unit of weight

You may select g, kg, oz, lb as the unit of weight. Press the "UNIT" button 3 until the desired unit is selected.

Error messages

O-ld = The scale is overloaded.

Lo = The battery is weak and needs to be replaced.

If your scale does not work as desired, check the following before contacting the service center

- Check that the battery has been correctly inserted
- Check that you have selected the correct weight unit.
- Check whether The scale is standing freely on a firm and level surface. It must not touch a wall or another object.
- Repeat the weighing process.

Cleaning and care

Never use aggressive cleaning agents or stiff brushes. Clean the scale only with a soft, slightly damp cloth. Never use harsh detergents or alco-hol. No water should enter the device. Only use the device again when it is completely dry.

Instructions for disposal

This device must not be disposed of with domestic waste. Metals are reusable or can be recycled into raw materials. Dispose of a device that is no longer needed at a collection point in your town/city so that it can be disposed of in an environmentally friendly way. Please contact your local authority or retailer with regard to disposal procedures. Remove the battery before you dispose of the device. Do not dispose of spent batteries in domestic waste, rather in special waste or at a battery collection point at your retailer!
