使用說明書

Plush Wireless Speaker

棉滋滋系列毛绒蓝牙音箱

MODEL:MR001

使用產品前請仔細閱讀本使用說明書，並請妥善保管。

PLEASE READ THIS MANUAL CAREFULLY BEFORE USING THE PRODUCT AND KEEP IT PROPERLY

Dear customer

Thank you for using Miniso Wireless Speaker. Please read this manual carefully before use. Using it properly for best product performance. MINISO Wireless Speaker has stylish appearance, true-to-life sound and multiple functions. The whole series have the patent of appearance design. The system adopting the industry-leading technology enables you to enjoy the excellent sound effects anytime at home, outdoors, during a trip or during work. It provides perfect experience when you play music on your laptops, digital music players and other audio-visual players, leading you to a better life with beautiful music!

Cautions

1. Please use and store the equipment and accessories within the temperature range of -10°C~45°C. When the temperature is too high or too low, it may cause malfunctions;

2. Please place the device and its accessories in a ventilated, cool place away from direct sunlight;

3. Do not disassemble, hit, crush the product or throw the device into fire to avoid explosion. If the battery bulges or leaks, stop using it;

4. When using this device, please keep at least 15 cm away from implanted medical devices (such as pacemakers, etc.)

5. Due to the features of BT technology, the strength of the signal is related to the specific environment. If there are more overlapping wireless signals nearby, or there is strong electromagnetic interference, the signal received by the BT speaker will become weaker or even disconnected;

6. If not used for a long time, please charge the product once every three months to avoid battery over-discharge damage;

7. Stop using the equipment before cleaning or maintaining the equipment. Please wipe the equipment with a clean, dry soft cloth;

Speaker, Charging Cable, User Manual

Product Overview

① TF Card Slot

② USB Port

③ Indicator Light

④ Volume- Button

⑤ M Button

⑥ Volume+ Button

⑦ Power Button

Parameters

Wireless: 5.3

Pairing Name: MINISO-MR001

Charging Input: 5V == 500mA

Battery Capacity: 600mAh

Charging Port: USB-C

Transmission Distance:

Around 10 m

Music Playback Time:

Around 4 h (70%volume)

Charging Time: Around 2 h

Functions

Function	Instructions
Power On/Off	Long press power button to power on/off
Play/Pause	Short press power button to power on/off
Volume Adjustment	Press volume+ button to turn volume up, press volume- button to turn volume down
Previous	Long press volume- to move to previous track
Next	Long press volume+ to move to next track
TF Card	Plug TF card into the slot to listen to audio files on it
M Button	Short press the M key to switch between Bluetooth and TF card modes
Charging Indicator Light	Constantly red during charging, and turns off when fully charged

Troubleshooting

1.The wireless speaker is unable to be paired with the cell phone.

Solution: Confirm if the wireless speaker is in pairing mode, and if the Bluetooth on your phone is toggled on. Then delete the product in the list, pair it with your phone again according to the User Manual.

2. The wireless speaker is unable to be turned on.

Solution: Confirm the battery level. Charge the speaker if it is needed.

3. Can the battery of the wireless speaker be replaced?

Solution: No, this is lithium polymer battery, which is irreplaceable.

4. Can I use the wireless speaker at a high volume for a long time?

Solution: To extend the lifespan of the wireless speaker, it is not recommended to play it at a high volume for a long time.

5. The link between the wireless speaker and the cell phone has been disconnected within 10 meters.

Solution: Bluetooth is wireless so that it is very sensitive to objects between the speaker and the connected device. Check if there are any metal or other objects that may affect connection within the effective distance.

6. Cannot hear audio playing when the speaker is connected to the computer or phone.

Solution: Check whether the computer's audio output is already connected to wireless device and whether the Bluetooth in the computer supports A2DP protocol. Make sure the volume is up on your phone or computer.

7. Can I operate the Apps of my phone through the speaker after pairing the wireless speaker with the phone?

Solution: Some apps may not support being operated through the speaker due to their settings.

FCC Warning:

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-Reorient or relocate the receiving antenna.

-Increase the separation between the equipment and receiver.

-Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-Consult the dealer or an experienced radio/TV technician for help.

IC Warning :

"This device complies with Industry Canada's license-exempt RSSs. Operation is subject to the following two conditions:

(1) This device may not cause interference; and

(2) This device must accept any interference, including interference that may cause undesired operation of the device."

« Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage; et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. »

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux RF. L'appareil peut être utilisé en condition d'exposition portable sans restriction.

WEEE Warning:

Do not dispose of electrical appliances as unsorted municipal waste, use separate collection facilities. Contact your local government for information regarding the collection systems available. If electrical appliances are disposed of in landfills or dumps, hazardous substances can leak into the groundwater and get into the food chain, damaging your health and well-being.

The charging device is not included.

2.5-2.5 W

The power delivered by the charger must be between min [2.5]Watts required by the product, and max [2.5] Watts in order to achieve the maximum charging speed.

Radio Frequency Exposure & Compliance Information

This equipment complies with radio frequency exposure standards set forth by the relevant regulatory bodies.

Radio Frequency Technical Parameters:

- Frequency Band(s): 2.402GHz ~ 2.480 GHz
- Maximum Transmit Power (EIRP): 1.86 dBm

Certification Number

- FCC ID: 2ANVR-MR001

Ten basic pieces of information about batteries

Single Cell Li-Ion Battery

IMR 802530 - 600mAh, 3.7V, 600mAh, 2.22Wh, 10.3g

Manufacturer: Shenzhen Juzhongen Electronics Co., Ltd.

Address:FA8-001, Hedong Building, Haoyunlai Plaza, Hedong Community, XixiangStreet, Bao'an District, Shenzhen

Electrochemical Composition/Critical Raw Material: Lithium cobaltate; Aluminum foil; Nylon; Graphite; Copper; Styrene; lithium hexafluorophosphate; Ethylene carbonate; Dimethyl carbonate; Methyl ethyl carbonate; Nickel.

Suitable Extinguishing Media: Class D dry powder fire extinguisher, ABC dry powder fire extinguisher.

Hazardous Substances: None detected
