Owner's Manual Addendum

SmartRack™ Side Panel Latch Installation

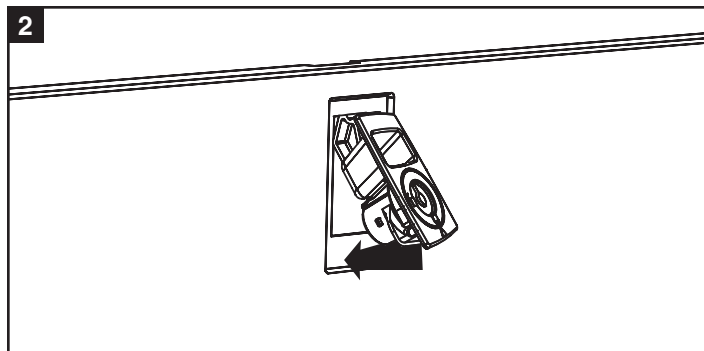

Important: Before installing the side panels, you must install a latch (included) in each side panel.

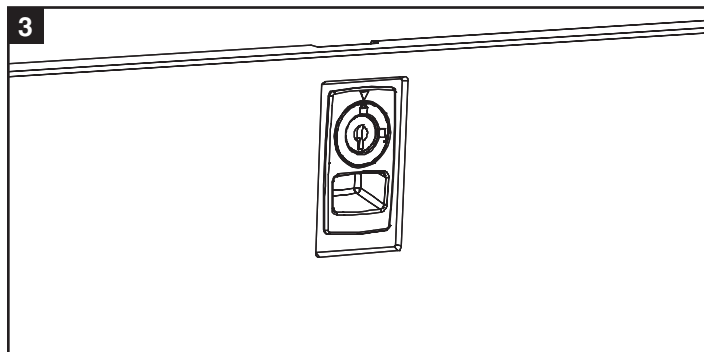

1 Working from the outer surface of the side panel, insert the upper portion of the latch into the side panel cutout as shown.

2 Push the lower portion of the latch into the side panel cutout as shown.

3 Snap the latch into place. The latch should be flush with the outer surface of the side panel. Repeat the process for each side panel.

Note: To install the side panels, follow the instructions in the rack enclosure owner's manual.
