Safety Instructions

- Always place the tripod on a flat and stable surface.
- Ensure all knobs are tightened properly before mounting your device.

- Do not overload the tripod beyond its supported capacity.
- Avoid using the tripod in strong wind or on uneven surfaces.
- Do not pull or force the height adjustment pole beyond its limit.
- Keep the tripod away from children when not in use.
- Fold the tripod properly after use and store it in a safe place.

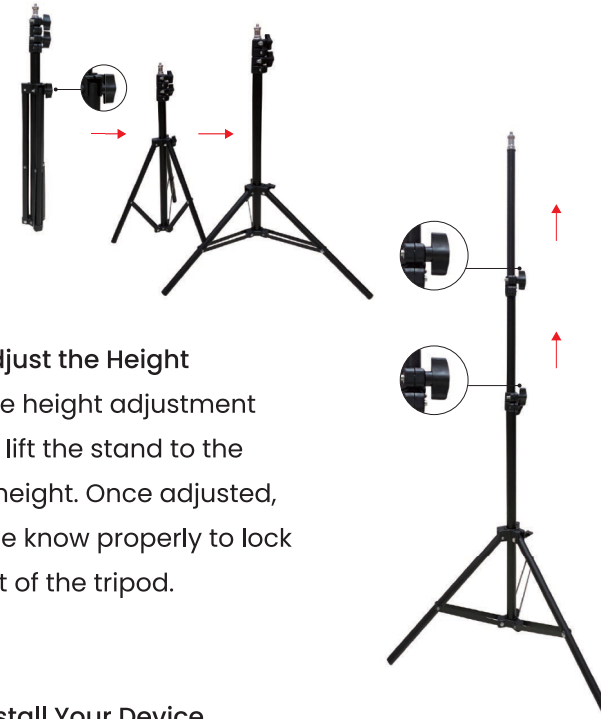

Product Parts

How to Use

Step 1: Open the Tripod Legs

Loosen the tripod leg lock knob and gently spread the tripod legs outward. Place the tripod on a flat and stable surface.

Step 2: Adjust the Height

Loosen the height adjustment knob and lift the stand to the required height. Once adjusted, tighten the knob properly to lock the height of the tripod.

Step 3: Install Your Device

Mount the ball head onto the 1/4" screw mount and attach your phone holder, camera, or compatible accessory.

Position as needed and tighten securely for stable use.

Step 4: Adjusting the Angle

Adjust the angle as required for recording, photography, video calls, or live streaming.
