FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- 1.Reorient or relocate the receiving antenna.
- 2.Increase the separation between the equipment and receiver.

3.Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

4.Consult the dealer or an experienced radio/TV technician for help.

FCC Radio Frequency Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

At a Glance

Installing Your Bulb

Screw the bulb into base.

Notice: Switch off the power switch controlling the bulb before installing. Please wait for a few minutes after using before touching the bulb.

Pairing Your Bulb with the Govee Home App

What You Need:

- A Wi-Fi router supporting the 2.4GHz and 802.11 b/g/n bands. 5GHz is not supported.
- A smartphone or tablet running iOS 8.0 (or above) or Android 4.3 (or above).

- 1 Download the Govee Home app from the App Store (iOS devices) or Google Play (Android devices).
- 2 Turn on the Bluetooth in your smartphone.
- 3 Open the app, tap “+” icon in the top right corner and search “H6013”.
- 4 Tap the device icon and follow the on-screen instructions to complete pairing.

Controlling the Bulb with Your Voice

- 1 Open the Govee Home app, then tap the device icon to enter the details page.
- 2 Tap the “setting” icon in the top right corner.
- 3 Select “Using Guidance” and follow the on-screen instructions to begin using voice control.

Matter Guide

Cautions:

- 1.You will need to complete the network connection of apps that support Matter (e.g. Google Home/Apple HomeKit, etc.) within 15 minutes after the product is powered on when using Matter for the first time.
2. An IPv6 network is required.

3. Changing the network may cause Matter to malfunction.
4. If the product cannot connect to the app, first restore the product to factory settings by switching on and off for 4 times. After restoring, try connecting again.

Step 1

Find the Matter QR code or device number on the product or on the “Device Settings” page in Govee Home App.

Step 2

Turn on Bluetooth on your smartphone.

Step 3

Download and open an app that supports Matter like Google Home, Apple HomeKit, etc.

Step 4

Use the device number or QR code located on the product or in the app to complete the network connection for the product for Matter.

Troubleshooting

- 1 Cannot connect the bulb to Govee Home.
 - Check whether the bulb is powered on.
 - Check whether your smartphone Wi-Fi is enabled. Please make sure Wi-Fi connected to your phone is 2.4GHz (5GHz band is not supported).
- 2 The bulb lost connection.
 - Check whether the device is powered on.
 - Check whether your home network is stable.
 - Check if there are too many devices connected to the router by connecting bulb to another phone’s hotspot.
 - Ensure the distance between the smartphone and the device does not exceed 50ft.
 - Delete bulbs connected in “My Devices” and reconnect the bulb to Wi-Fi following on-screen instructions.
- 3 Can I use group control with voice assistance?
 - Please make sure your device is connected to Wi-Fi before using voice assistance.
 - Please set voice group control in Alexa/GoogleAssistant App.
