

SUMEO CLICKER

The Clicker works only when the Bubble Maker is powered on.

Press the Bubble Maker power button once. The indicator ring will light up to show that the device is on.

Start & Stop Bubbles

Press the Clicker once to:

▶ Start bubbles

Press again to:

■ Stop bubbles

Operating range: Up to 5 m (16 ft)

If the Bubble Maker does not receive a command for 15 minutes, it will automatically power off. Press the Bubble Maker power button again before using the Clicker.

Battery Replacement

Replace the battery when the Clicker no longer responds.

Use 1 × CR2032 battery only.

Dispose of used batteries immediately and according to local regulations.

Safety

- * Contains a button battery.
- * Keep new and used batteries away from children.
- * Swallowing a button battery may cause serious injury or death.
- * Adult operation only.
- * Use only with the SUMEO Bubble Maker.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 0cm between the radiator and your body.
