产品合格证

产品型号：WZM32

产品名称：无线耳机

执行标准：GB 4943.1-2022

检验人员：01

检验结论：合格

Manual

Charging

Before the first use, the battery must be fully charged before use.

1. Connect the charger cable to the headphone jack.

2. When charging, the indicator light shows a red light. When fully charged, the red light goes out, and the blue light shows a fully charged state.

Turn ON/OFF

1. Power on: Press and hold the multifunction button for about 5 seconds. The blue light will stay on for 1 second, and then will be a voice prompt "Power on".

2. Power off: Press and hold the multifunction button for about 5 seconds. The red light will stay on for 1 second, and then will be a voice prompt "Power off".

Operation Method

1. Volume: When making a call or playing music, adjusting the volume can only be done with the phone. Quickly press 5 times to switch between Chinese and English.

2. Next track: When playing music, briefly press the multifunction key 3 times to switch to the next track.

3. Play music: Short press the multifunction key to activate the music player on the phone, and short press the multifunction key to play/pause.

4. Next/call record: This product supports 1A charging head charging. It is recommended not to use fast charging.

Caller number

1. When a call is made, the Bluetooth headset will report the phone number, such as 13800000000.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
