Note: To protect copyright claims (such as characters and sports teams) or for your child's safety, Sticker Maker Magic cannot print some images, and will flash red and blue light when this occurs.

Note: Sticker Maker Magic is **only** compatible with official Hello Blink Sticker Maker Magic paper rolls.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

INSTRUCTIONS

Welcome to the world of Hello Blink! You're just a few short steps away from creating, printing and customizing your own stickers! Follow the guide below to set up your Sticker Maker Magic and then let your imagination run wild!

Download the App

You must download the Hello Blink App to use the Sticker Maker Magic. Download the App from the Apple or Android App Store by searching **Hello Blink** or scan the QR code. Open the app and follow the instructions to connect your Sticker Maker Magic to Wi-Fi and AI features.

Wi-Fi and AI features are subject to parental consent. Full information regarding our Privacy Policy and Terms of Use are available through the Hello Blink App or at buffalogames.com/sticker-maker-magic/

Get to Know Your Sticker Maker Magic!

Step 1 – Load The Sticker Roll

Follow the three steps below to load stickers into your Sticker Maker Magic:

Note: Sticker Maker Magic is **only** compatible with official Hello Blink Sticker Maker Magic paper rolls.

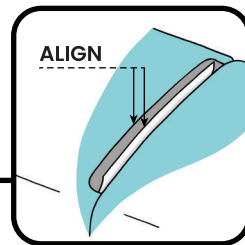

To open your device, grip the sides of the paper door and pull up gently.

Load paper ensuring that the end of the roll is facing the buttons and microphone.

Close the device with the end of the sticker roll pulled through the opening.

IMPORTANT
When the device is closed, the end of the sticker roll must align with the top of the unit

Hot Tip: We recommend plugging your Sticker Maker Magic into a USB outlet to fully charge it before its first use.

Step 2 – Start Designing!

- Press the Power button to turn on the Sticker Maker Magic.
- Press the Magic Button once to activate the listening mode for 15 seconds. Sticker Maker Magic will not listen unless the Magic Button is activated. Once activated, the Sticker Maker Magic will indicate it is in listening mode with a spinning red and white light effect.
- Use the speaker to describe nearly anything you can imagine! You can press the Magic Button again after finishing your prompt, or it will start automatically 15 seconds from your first button press.

Note: To protect copyright claims (such as characters and sports teams) or for your child's safety, Sticker Maker Magic cannot print some images, and will flash red and blue light when this occurs.

- Sticker Maker Magic will then generate an image and print it, instantly!
- Use the markers to color your sticker and make it your own.

For more information on what the different lights mean, see the FAQ section in the Hello Blink app

Hot Tip: Use the round button to reprint your most recent image.
