

Norman is a real person and is our expert head of Quality Assurance. Norman appears here to bring to your attention features, technical or quality issues.

More importantly the reasons why, on occasions, it's worth paying a little more for a product that may look similar to a cheaper alternative but is much better.

INFORMATION ABOUT OUR VARIOUS PLIER RANGES - BUY THE RIGHT PLIERS FOR THE JOB...

We believe it is vital to purchase the right plier for the job, not just on price, particularly when working with mains wiring where your life may depend on it. Each group of pliers is introduced by a colour coded block detailing correct usage and individual product features.

THE **DRAPER**® RANGE

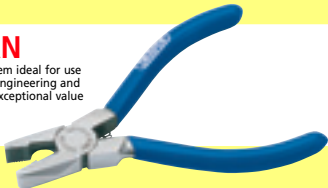

ELECTRONICS RANGE

Electronics work requires extreme precision and demands the highest quality levels, both qualities which are reflected in the Draper Electronics Plier Range. These pliers will give precision working and long service life in moderate volume assembly tasks

COMPACT PATTERN

The compact pattern of these pliers makes them ideal for use on intricate work like model making, model engineering and jewellery making etc. These pliers represent exceptional value for the quality

GENERAL DUTY

An excellent general duty range for everyday use in the home or workshop. These carbon steel pliers still meet high quality and manufacturing standards for such an economically priced range - perfect for the DIY person or enthusiast
