

SAFETY INFORMATION

WARNING: READ AND UNDERSTAND ALL INSTRUCTIONS BEFORE USE

- To prevent electrical hazards, do not immerse the unit or cable in water or any other liquid.
- Use only as intended. Do not use this unit for purposes other than its designated use.
- Do not expose the light to fire or extreme heat.
- Do not place or store the unit where it could fall into a tub, sink, or any other water-filled area.
- Do not clean the product using a water spray gun or similar high-pressure methods.
- Supervise closely when this product is used near children.
- Use only accessories recommended or sold by the manufacturer.
- Use only the provided power cable.
- Do not operate the unit if it has been dropped, hit sharply, or otherwise damaged in any way.
- Do not look directly into the light or shine it into another person's eyes.
- Do not cut, pull, or expose the power cable to extreme heat.
- Do not disassemble the housing. There are no user-serviceable parts inside.
- Position the cable so that it stays untangled and does not create a tripping hazard.

PREPARATION

- Before operating this product, ensure all parts are present. Compare the included parts with the Package Contents List and Diagram on this page.
- Please contact Customer Service for replacement parts.
- Review these instructions and diagrams thoroughly before starting.

PART INCLUDED

A - Work Light

OVERVIEW

SPECIFICATION

Wattage:	32W
Voltage:	120VAC
Brightness:	3000 lm
Color Temperature:	5000K (Bright White)
CRI:	>80 Ra

CARE AND MAINTENANCE

- Ensure all components are in place and in good working condition.
- Wipe the unit with a soft, lint-free, dry cloth. Do not use any abrasive cleaners or solvents. Never immerse in liquids.
- Store the unit in a clean, dry place.
- Do not disassemble the housing. There are no user-serviceable parts inside.

FIVE-YEAR LIMITED WARRANTY

This product is covered by a five (5) year warranty against defects in materials or workmanship from the date of purchase. This warranty is non-transferable and applies only to the original purchaser. Proof of purchase is required for any repair or replacement under this warranty. This warranty does not cover normal wear and tear or damage caused by misuse, including but not limited to:

- Using cleaners that contain chemicals, solvents, or harsh abrasives.
- Operating the product in extreme weather conditions.
- Opening, tampering with, modifying, or altering the product in any way.

Warranty Notice

To ensure full warranty coverage, this product must be purchased from an authorized retailer. Purchases made through unauthorized third-party sellers will void all warranty protections. This includes eligibility for product replacements, repairs, or customer support. Please retain your proof of purchase from an authorized source.

DO NOT RETURN THIS PRODUCT TO THE STORE

FCC WARNING

WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTES: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
