Operating Instructions

WARNING

FOR YOUR SAFETY

Before using this outdoor fire pit, make sure you have read, understood and are following all information provided on page 1 of this manual. Failure to follow those instructions can cause death, serious injury or property damage.

Lighting:
1. Make sure there is only a small amount of ash (1/2" thick) at the bottom of the metal bowl.
2. Place a layer of dry kindling or a natural firestarter onto the center of the log rack.
3. Place above that layer the dry seasoned hardwood that is cut to lengths no more than 12".
4. Use a match to light kindling or firestarter.
5. Replace the safeguard spark screen when the kindling or firestarter is lit.

Tending the Fire:
You may need to shift and/or add logs for an ideal experience.
Reminders:
- Always wear protective gloves
- Wait until glowing woodhas developed before adding any additional wood.
- **DO NOT** add gasoline, kerosene, diesel fuel, lighter fluid or alcohol to relight or enhance an existing fire.

1. Use a long handled fire pit tool to carefully take away the spark screen.
2. Use the long handled fire pit tool to shift the logs to allow additional airflow.
3. If additional wood is required, place wood on top of the burning log. Be careful not to shift ashes.
4. Replace the safeguard spark screen.

Extinguishing
1. Allow fire to burn itself out.
2. **DO NOT** use water to extinguish as this is dangerous and can cause damage to this outdoor fire pit.

Maintenance Instructions

Inspecting:
This outdoor fire pit should be inspected on a regular basis to ensure product safety and longer product life.

Check all parts to make sure they are secure.

Cleaning:
This outdoor fire pit should be cleaned on a regular basis to promote safer experiences and longer product life.

Note: After repeated use, discoloration of the finish may occur.

Reminders:
- **DO NOT** attempt to clean this outdoor fire pit until the fire is COMPLETELY out.
- **DO NOT** use oven cleaner or abrasive cleaners as they will damage this product.
- **DO NOT** clean any part of this outdoor fire pit in a self-cleaning oven as it may damage the finish.
- **DO NOT** use a vacuum cleaner.

1. Wipe exterior surfaces of the metal parts with a mild dishwashing detergent or baking soda.
2. For stubborn surfaces on the metal parts, use a citrus based degreaser and a nylon scrubbing brush.
3. Rinse clean the metal with water.
4. Use a soft dry brush to wipe away the dust from the fire pit body.

Storage:
Wait for the fire pit to cool before covering with the protective cover.
DO NOT move ore store this outdoor fire pit unrill he fire is COMPLETELY OUT.

1. Once the fire is out, logs are cold and outdoor fire pit is cool to the touch, remove ashes and properly dispose.
2. Store assembled in a location away from children and pets.

Note: If you do not use a cover, store this outdoor fire pit in a dry location free from rain.
